

## FARMER PARTY WILL SUPPORT ALFRED SMITH

George N. Peek, Chairman of Committee of 22, Says Democratic Plank Aids Agriculture.

## HOOVER ENEMY TO ALL FARMERS

Houston Platform Is New Declaration of Independence; G. O. P. Trying To Make Peon of Planter.

Chicago, July 2.—(United News.)—Criticizing the republican party for its treatment of the farm problem at the Kansas City convention, George N. Peek, chairman of the executive committee of 22 of the north central states agricultural conference, tonight described the democratic plank for agricultural relief "a new Declaration of Independence."

Peek had just returned to Chicago from Houston where he attended the democratic national convention last week. He also attended the republican gathering at Kansas City.

"In Houston," Peek said, "farmers were given the greatest consideration in every way. Their reception was most cordial, their views on a platform were solicited and a real plank was adopted which is the most favorable for agriculture ever written in the platform of any political party in our history."

"Briefly it recognizes the right of farmers to lead in the adoption of farm policies, points out the needs of agriculture, pledges the party to enact the necessary legislation to give agricultural complete economic equality with industry, assures equality of treatment as to tariff rates between agriculture and industry, and reaffirms its 1924 platform to enact legislation to prevent the price for the surplus determined by the market."

Peek plainly was making an appeal for the farmers to vote the democratic ticket in November when he said "the protective system is not intended for farmers but for such a platform if they wish to save their farms and their homes. Agriculture has come to a parting of the ways. November will decide whether American farming of the future is to be conducted by farmers or by outsiders."

G. O. P. Killed Farmers. "Farmers in the grain, livestock and cotton states," Peek added, "will recognize in the democratic plank for agriculture a new declaration of independence."

He said the farmers were advised definitely at Kansas City that "the protective system is not intended for them." The republican party, he said, was made and supported by the farmers of the middle west and the party has turned its back upon the farmer.

"Adding insult to injury, the party nominated as its standard bearer the arch-enemy of a square deal for American agriculture," Peek's statement continued, "whose solution of the farm problem is to keep on starving out."

## NEGRO ACCUSED OF GIRL ASSAULT HANGED BY MOB

Summit, Miss., July 2.—(AP)—A negro known only in the community as "Shug" McElree, accused of attempting an assault on a young white girl here a week ago was taken today and hanged to a tree bordering a highway. The body was found by officers who pursued the mob after gathering reinforcements.

The officers, fearing the insecure jail here would be attacked and the negro taken, had just started with him for Meridian when the mob appeared, held officers at bay and placed a rope about the negro's neck. The mob members disappeared with him in automobiles in a few moments.

The negro had been sought in the community since his alleged crime was reported. He was arrested yesterday near here.

## Effort To Rescue Italia Crew Claims Life of 2nd Flier

## COUNTY AID ASKED IN HIDEAWAY WORK ON PEACHTREE ST.

Resolution Asks for \$75,000; Property Owners Halt 'Bottle Neck' Work; Broad St. Zone Planned.

Coincident with issuance Monday afternoon of a temporary injunction to prevent elimination of the "bottle neck" on Peachtree street between Baker and Ivy streets, city council passed a resolution asking Fulton county commissioners to appropriate \$75,000 to assist in prosecution of work on the improvement and also took initial steps looking towards establishment of a similar taxing zone for extension of South Broad street from Mitchell to Whitehall.

Injunction proceedings seeking to set aside the schedule of the city in the Peachtree street project were filed by St. Elmo Massengale, owner of the St. Francis apartments, on Peachtree and Ivy streets, and by the Witt Improvement company, owner of property at Peachtree and Baker streets. Petitioners claim that the \$220,335 set up by the city to retire damages is inadequate, and Fulton county superior court judges Monday prevented a temporary restraining order preventing the city for starting the improvement before a hearing on the petition, which was set for July 23. At that time the city must show cause why the injunction should not be made permanent.

The resolution passed Monday afternoon by city council and which seeks \$75,000 additional financial aid from Fulton county was offered by the streets committee, and sets out that the money will be used to remove obstructions along the newly formed 80-foot boulevard from Baker to Ponce de Leon avenue. Removal of the "bottle neck" between Baker and Ivy streets will form a 200-foot thoroughfare from the intersection of Forsyth to Ponce de Leon avenue on Peachtree.

Special Committee Named. Information of plans for the extension of Broad street, a special committee of the streets committee will have the cooperation of another special committee of five members named Monday afternoon by city council on a resolution offered by Alderman William B. Hartsfield, of the sixth, and Councilman John A. White, of the fourth.

Alderman Robert F. Pennington, of the first, heads the subcommittee of the first, heads the subcommittee of the streets committee, which will direct plans for the improvement.

Mayor Pro Tem, Claude Ashley named the following on the special councilmanic committee: Councilman John A. White, chairman; of the sixth; Charles L. Chosewood, of the third; and Alderman Pennington and Hartsfield.

This committee will cooperate with the streets committee in formulating plans for the improvement.

"Definite plans for the Broad street extension street will be ready for councilmanic action within the next few days," Mr. Pennington said. "We been working on it for the past several weeks and practically all details are completed."

Taxing Zone Established. City council voted to establish a taxing zone to widen Peachtree street between Baker and Ivy street several weeks ago, and proposed to widen the thoroughfare by taking the additional width from the eastern side of the street and permitting property owners on the west side to compensate those on the east side for 10 feet of the land thus taken. A fund of \$220,335, was set up to pay damages in the area.

The sum set up by the city to cover losses is inadequate, both petitioners recite, and ask that the city's schedule of improvement be set aside.

Mr. Massengale, represented by Attorney Stiles Hopkins, set out that

## Russian Aviator Who Left Ship in Plane To Find Noble Missing Since Friday.

## AMUNDSEN BODY RUMOR IS FALSE

Colder Weather Brings Hope of Planes Landing on Floes Now Holding Six Men Captive.

Moscow, July 2.—(AP)—The Russian aviator, Babushkin, who took off from the ice breaker Malgin last Friday, still is missing from that ship, said tonight's radio report to the soviet rescue commission.

The Malgin stated that strong winds were scattering the ice floes and that she was nearing Ho Island, the southeastern outpost of the Spitzbergen archipelago.

RUMOR OF FINDING AMUNDSEN UNPROVED. London, July 2.—(AP)—For a brief space of time today an unconfirmed rumor was current that the body of Captain Roald Amundsen had been found in the sea off Norway. This came in the form of a message to the Exchange Telegraph company, purporting to be from Oslo, but definite inquiries at Oslo denied the report. Thus the fate of the noted arctic and antarctic explorer, who went to aid in the search for General Umberto to Noble and his companions in the dirigible Italia, remains a mystery.

Meanwhile Great Britain has taken a hand in the rescue work. Two large seaplanes, the air ministry announced, were being made ready and would shortly join other searching expeditions in the north. These have been able to find no trace of Amundsen and his five companions who set out in the French plane on June 18 and disappeared into the void.

In addition to Great Britain, Norway, Italy, Sweden and Russia are taking part in the search.

RESCUE SHIP IS NEAR IMPRISONED. Rome, July 2.—(AP)—Falling temperature, increasing the chances for the landing of small planes on the ice, was reported today to the rescue ship Citta Di Milano by the five noble survivors, who with Lieutenant Lundborg, Swedish aviator, are now in the camp of General Umberto to Noble. The official communiqué issued tonight said that radio conditions also were improved.

For still was hampering the work of rescue planes but evidently was lessening as the Swedish fliers who have their base at the north entrance of Hinlopen strait tried to fly to the encampment. They made some progress before being turned back by poor visibility. The plan was to establish contact with one of the sledging parties, which is searching for the three members of the Italia's crew who left Nov. 15, May 20.

The flier on which the castaways are encamped is only a few miles

## GOVERNOR TO CITE RECORD IN OFFICE

Hardman Declares He Will Base Appeal for Re-election on "Measures, Not Men."

Governor L. G. Hardman declared Monday that he would go before the people of Georgia with an appeal for reelection based "upon measures and not men" and that he would point out the advances made during his administration in introducing business-like order and efficiency.

The governor is planning to fire the opening gun of his campaign at an early date. He is opposed for nomination for a second term in the September 12 primary by State Senator E. D. Rivers of Lakeland, president pro-tem of the senate, and Alex S. Chamblee, who managed the governor's last campaign and successful run-off in which he defeated John N. Holder.

Discussing with newspapermen the coming three-cornered contest for the gubernatorial chair, the chief executive declared recently that he intended to issue his initial campaign statement at an early date.

"I shall pitch my appeal for reelection upon measures and not men," the governor said. "I intend to point out the advances made during my administration in the way of introducing business-like order and efficiency into the state's affairs. Then the people can judge for themselves."

Though declaring that he had heard very little of the current political gossip relating to the race ahead, the governor stated that such reports as he had received were favorable to his candidacy.

## SHIPPING BOARD READY TO QUIT ATLANTIC LINE

Is Considering Sale of Two Finest Services Between New York and European Ports.

## LEVIATHAN SAID TO BE ON BLOCK

Trade Will Practically End Government Operation of Passenger Ships After Ten Years.

Washington, July 2.—(AP)—The shipping board tomorrow will consider a plan for the disposal of the United States lines and the American merchant lines, the ship sales commission today having approved a method for selling these vessels.

T. V. O'Connor, chairman of the board, announced that the plan approved by the committee was the one he had projected for the sale of the two finest American services operated in the North Atlantic—United Kingdom and European trade. He declined to make known the conditions of the plan, explaining that they would be made public following action by the board.

The plan was referred to the committee last week. In addition to the sale of the five ships of the United States lines and the ten combined passenger cargo vessels in the American merchant lines, the plan is to recondition the former German vessels, Mount Vernon and the Monticello, and add them to the United States lines.

Approximately \$12,000,000 is to be spent in reconditioning these vessels. When they are put into service, the United States lines, including the Leviathan, will have three fast passenger mail carrying liners, capable of a speed of more than 22 knots an hour.

The committee approved the plan unanimously. It is composed of Chairman O'Connor and the two assistant chairs to the board, Rear Admiral Hutchins L. Cone and Samuel S. Benson, and T. S. Teller, who has been at odds with the administration's plan to place the government-owned lines into private hands.

## BETHEA, EDITOR, TAKES OWN LIFE

Birmingham Newspaperman and Novelist Found Hanging by Belt in His Hotel Room.

Birmingham, Ala., July 2.—(AP)—Jack Bethea, 33, editor of the Birmingham Post and author of several novels and photoplays, was found dead in a hotel room here late today, hanging from a bar by his belt.

Coroner H. D. Russell rendered a verdict of suicide. No motive was known for his act, as he apparently had fully recovered from an operation he had undergone several months ago.

Although well known as a writer and newspaperman, Bethea spent his entire life in Birmingham. Of late years he had been associated with The Post, a Scripps-Howard newspaper, and only recently became editor of the paper.

Among his novels were "Red Rock," "Honor Bound" and "Action." A call for a gathering of the first two of which were filmed.

Bethea was prominently associated with Octavius Roy Cohen, writer of negro stories, and Edgar Valentine Smith, short story writer in the "Loafers' club," a local literary society.

Bethea is survived by his widow and a 13-year-old daughter.

## GYPSY KING DIES AT AGE OF 85; WAS MILLIONAIRE

Morristown, N. J., July 2.—(AP)—Naylor Harrison, king of the Romany Gypsies, is dead. He died of old age in his tent here yesterday. He had hardly breathed his last when funeral ceremonies began with the burning of his personal effects.

A call for a gathering of the first two of which were filmed.

## CHICAGO-NEW YORK GANGS OPEN WAR ON EACH OTHER AS RESULT OF UALE DEATH

## OBREGON VICTORY BRINGS RIOTING AT MEXICAN POLL

10 Are Reported Killed at Tampico in Battle Over Ballots; Soldiers Shoot Into Crowd.

Mexico City, July 2.—(United News.)—First reports of a major disorder in the presidential elections held Sunday came today from Tampico where, a dispatch to The Excelsior said, ten persons were killed in a pistol battle at Panuco between police and partisans of Leoncio Marques, candidate for the chamber of deputies.

The followers of Marques attempted to seize a voting booth and were attacked by the opposing candidate, Jesus Corral, and a number of police.

General Alvaro Obregon, running unopposed for the presidency, is reported to have received a heavy vote throughout the country.

President Calles, Obregon's friend, voted at Chapultepec castle but the police announced his ballot and that of other officials who voted there had been stolen.

The hundred and fifty men surrounding the voting booth at Chapultepec castle started a mild fracas with the police, during which the official ballots disappeared. Reserves of police quelled the disturbance and arrested 20 persons.

Police did not identify the ballot thieves as belonging to any particular political faction.

FOUR LABORERS SHOT BY TROOPS. Calexico, Calif., July 2.—(AP)—As the final counting of the ballots in Baja California, showed a victory for the union integral ticket, which favors General Obregon, police announced today that four members of the laborista party, the opposition, were wounded by mounted officers at Tecolote, a station 30 miles east of here.

The officers rode into a group of laboristas gathered about the Tecolote polls in an effort to disperse, but it was found necessary to shoot. No fatalities occurred. The laboristas did not return the fire.

Rafael Quintero, alternate with Manuel Lacarra on the defeated ticket, was present at the scene of the Tecolote disturbance, and was arrested by the officers today.

The laborista ticket carried in Tijuana and Ensenada, but was defeated in the Mexican district by a large vote.

## COBB IS ELECTED COUNCIL MEMBER

City Executive Committee Is Requested To Hold Special Primary in Tenth Ward.

Selection of R. M. Cobb, Jr., of the tenth ward to succeed Councilman Jack C. Straven, resigned, and a request that the city executive committee hold a special primary in the tenth ward to select a successor to Councilman T. Frank Callaway, resigned, were outstanding actions of council Monday afternoon.

Fight for the special primary was led by Councilman Garland Cooper, of the tenth. Mr. Cooper and Alderman Everett Millican, the other ward representative, are supporting different candidates. Mr. Cooper's resolution was passed by council by a vote of 17 to 15 for a hot fight.

Charles M. Ford, former alderman from the tenth ward, is supported in his candidacy by Mr. Cooper, while Mr. Millican is championing the candidacy of J. R. Curtis.

Wall Issues Call. J. P. Wall, chairman of the city democratic executive committee, announced he would call a meeting of the subcommittee of the city democratic executive committee for Thursday afternoon to consider the request and on the heels of that announcement the subcommittee of Mr. Ford Monday night declared a petition, bearing the signatures of at least 1,500 registered voters of the tenth ward, would be offered the subcommittee petitioning that the request for a special election be granted.

## Coolidge Pledges Aid To Hoover's Campaign

ACCEPTS WORK'S RESIGNATION AS CABINET MEMBER

Superior, Wis., July 2.—(AP)—Chairman Hubert Work, of the national republican committee, departed from Superior today with definite assurance from President Coolidge that the latter would help the republican cause in the forthcoming campaign.

Dr. Work also presented Mr. Coolidge with his resignation from the secretaryship of the interior. The chief executive took the resignation, but its acceptance was withheld pending, presumably, selection of a successor. It is expected that Mr. Coolidge will follow his custom of announcing simultaneously acceptance of the resignation and appointment of a new secretary.

Means Not Asked. After a four-hour visit at the summer white house Dr. Work said that he had not asked President Coolidge how he proposed to contribute to the republican campaign, and that he did not suggest possible ways to the chief executive. He was satisfied with the chief executive's assurance that he would "do everything he could." Dr. Work said and left to Mr. Coolidge the selection of what avenues he thought best to aid.

The interior secretary said that reports from Mr. Coolidge had definitely promised to speak in New York state and New England during the campaign were false.

Quiet Campaign. Secretary Hoover, Chairman Work said, possibly would conduct a "quiet, dignified, instructive and educational campaign." The republican nominee

had no intention to undertake a country-wide stump tour, Dr. Work added, although he proposed to deliver several addresses over the nation.

"I don't think Hoover will make such a campaign," Dr. Work said. "Why should he? He is known to every voter, and will be better known every day. No man was ever nominated for the presidency who had a greater background, more varied experience and wider contacts. His picture was hung in every home during the war."

Campaign Issue. Asked to what he thought would be the chief issue in the campaign, Chairman Hoover's activities in the past several years were mentioned, the real question which would be presented to the voters would be the "perpetuation of the present prosperity, efficiency and good government."

Dr. Work emphasized that there was no special hurry to determine Secretary Hoover's activities in the coming months, since real activity in the republican campaign would probably not begin till September 1. As far as could be foretold now, however, the republican nominee will probably go to his home in Palo-Alto, Calif., about July 12 for the notification ceremony which will probably remain at his home till August 1, to return then to Washington for an indefinite period.

As to Secretary Hoover's plan regarding resigning from the cabinet or visiting Mr. Coolidge, Chairman Work had no information. These matters were peculiarly strict to the two parties concerned and to no one else, he said.

New York, July 2.—(AP)—Governor Alfred E. Smith's first full day in New York since his nomination as the democratic candidate for the presidency was spent in seclusion in his hotel suite, resting from the strain of the past week and holding private conferences with a few friends.

Among the visitors to the Smith suite were several local democratic leaders who had been at the convention in Houston and brought reports of the happenings there to the candidate.

Doesn't See Reporters. The governor had planned to give his usual morning conference to newspapermen but at the time set he set down word that he would be unable to keep the appointment.

Governor Smith came to his home over late last night for the special train on which several members of his family had traveled from Texas. He boarded the train at Albany after accepting a letter sent to him as a present from democrats at Houston and personally seeing it installed in the private box in back of the executive mansion.

Works on Campaign Plans. During conferences today and tomorrow it was expected that the strategy of the presidential campaign would be shaped up for the formality of official approval by the democratic national committee a week from tomorrow.

On Wednesday the governor is to make two addresses, one at Tammany Hall at the annual Fourth of July celebration and the other from the steps of city hall. On Thursday he will return to Albany to wait the first session of the national committee in this city a week from Wednesday.

## CAPONE FACTION REPORTED READY TO INVADE EAST

Man Killed in Brooklyn Said To Have Aided in Slaying O'Banion and Colosimo.

## POLICE SHAKEUP IN BOTH CITIES

Joe Aiello, Newest Czar of Gangland, Starts War by Coming East To Get Capone Aid.

New York, July 2.—(United News.) Authorities of America's two largest cities were confronted today with something new in criminal activities—an intensely gang war.

When Frank Uale, Brooklyn gang chief, was shot to death here Sunday, police attributed the killing to Chicago gangsters who had come here to settle a grudge against him because of his activities in the midwestern city's gang feuds. An exchange of communications with the Chicago police seemed to bear this theory out.

And now authorities of both cities are inclined to the belief that Chicago will be the scene of the next murder, with New York assassins invading the western metropolis for revenge. Chicago police have been warned to head off the invaders before they enter.

First indication that Uale's slaying might be attributed to Chicago gangsters was its similarity to the gang killings which have made Chicago famous. Uale was out for a quiet drive in his expensive automobile. He picked a quiet street and was blowing his horn to warn a group of children who were playing in the street. Men and women, seated on their unpretentious front porches, remarked at the beauty of the passing automobile.

Then, from behind, came another motor car, a little bigger, a little newer, and consequently more shiny. The larger car trailed along for a block or so and then speeded up. Just as it was about to pass the smaller car, a volley of rifle and revolver fire poured in on Uale. His car, which had been so shiny and new, was splattered with bullets and the driver was killed almost instantly.

"Just like Chicago," the first policeman to reach the scene remarked, and others concurred. "It's the same old story. When one of the new arrivals said the murderers' car bore an Illinois license plate, the theory was generally accepted."

A careful investigation of Uale's record, both here and in Chicago (where he was suspected of two important gang killings), gave further weight to the "Chicago" theory.

And then came word from Chicago that Joe Aiello, one of the newer powers in Chicago's gangland, had recently come to New York—and the

"I have already said," he replied to requests for comment, "that I would make my position perfectly clear in my acceptance address."

The governor said he would not accept an invitation to speak before a gathering of the Ku Klux Klan in Jamaica, N. Y., on the Fourth of July.

"I already have two speaking engagements for that day," he said, "and that's enough for any man."

Because the past week had been "a little vigorous," the governor said he was trying to "ease off a little" and was spending much of his time resting.

After the conference with reporters he went out to pay a personal call with Mrs. Smith, saying he had no plans for the evening.

**CHOICE OF PARTY,

Columbia, S. C., July 2.—(AP)—Governor Smith, of New York, was "clearly the choice" of the democratic convention, H. S. Stewart, democratic state chairman of South Carolina, declared tonight in a statement in which he said he would support the party's presidential nominee.

"The South Carolina delegation did not vote for Smith at the Houston convention," he added, "but the anti-Smith forces were in such a minority that no attempt to organize against him was made."

very definite idea of an intercity gang war took shape.

**Enemy of Capone.**

Aiello is the leader of the Unione Siciliana, a gangster-terrorist organization in Chicago, and is an arch-enemy of Al Capone, overlord of Chicago gangs and perhaps the most powerful chief who ever ruled the underworld of an American city. Aiello has had several conflicts with Capone men and once Aiello's confederates attempted to ambush Capone as he entered the criminal courts building.

Uane, because of his ability as a gang leader and his personal reputation for handling firearms, has been called to Chicago several times to take part in gang feuds there. When "Big Jim" Colosimo, vice and gambling lord of the last decade, was slain, Uane was in Chicago and was suspected. When Dion O'Bannon, dictator of Chicago's "Northside Hoodlums" and another Capone enemy, was shot to death in the midst of his potted plants and blooming lilies, Uane again was suspected, and again established a "perfect alibi."

**Killers Imported.**

On numerous occasions, in fact, Chicago authorities have discovered New York killers were imported to Chicago for the purpose of "getting" a Chicago gangster who had "gone wrong." The theory was that by hiring outsiders, it was easier for the slayer to approach his victim without suspicion and to escape arrest in the police roundups which always follow a gang killing.

But this is the first time, so far as records show, that Chicago gangsters have retaliated by coming east. Aiello, according to the police theory, is on the point of asserting his power in Chicago, and is seeking to clear the path of all who challenge his dictatorship. Just what it was, police do not know, but they believe Uane must have taken some part in the anti-Aiello activities, and so Aiello decided he should be removed from the picture at once.

Aiello "in for it."

By coming east and treating Uane's killing, if such he did, Aiello now is "in for it," police believe, and New York gangs are expected to invade the western metropolis to even the score.

Capone, whose power Aiello longs to possess as his own, is known to

have been friendly to Uane, and it is believed probable that the New York invaders will have Capone's assistance in putting down the Aiello rebellion.

Whatever the real situation in the gangs may be, police of both cities are preparing to meet an epidemic of gang killings. In New York the preparation is taking the form of proposed shakeups in the police department.

Commissioner of Police Joseph Warren started the shakeup several days ago but it was given additional vigor by the assassination of Uane and the death of another alleged gangster in a bomb explosion Sunday. Benjamin Kanowitz, said to have been a former bootlegger, was killed when a bomb, connected with the ignition system of his automobile, exploded when he pressed the starter button.

Saturday the shakeup brought about a raid on the locker room of the police narcotic squad. Forty lockers were raided and instruments used by drug runners were found. Police said these instruments were merely left in the lockers until they had an opportunity to turn them in, but the explanations were not given much credence.

As a result, nearly a hundred promotions were announced in the department and as many transfers of veteran officers were brought about. New faces are appearing at the police desks with startling rapidity and the shakeup will be so complete that results will be forthcoming, according to the commissioner.

**New York Attorney  
Is "Flood Refugee"  
At Ochs Celebration**

Chattanooga, July 2.—Samuel Untermyer, New York attorney, was somewhat proud today of his first experience as a "flood refugee."

When he missed the boat during the Adolph S. Ochs celebration here yesterday, he attempted to join the excursionists in a skiff. The craft soon put ashore, too frail to stand the swift current of the stream, which is near flood stage. Next a motor boat engine failed.

Drifting to the bank, the attorney was forced to wade almost a half mile in mud and muck to a highway. Relating his experience to friends at dinner he said he enjoyed every minute of his refugeeing—despite its discomforts.

In the event the tenth ward citizens call a preferential primary, it would be the first time that such a course has been followed to get the expression of voters of any ward, according to statements Monday night.

**Fight Primary Plan.**

Councilman Ellis B. Barrett, of the fifth; Mr. Milligan and Alderman William B. Harkfield, of the third, were leaders in the attempt to block the resolution which Alderman Z. C. Murphy, of the eleventh ward, offered to ask the executive committee to hold the special primary.

They declared that under the charter council should decide, and fought the attempt to put it to a vote.

Final vote on the paper stood Pennington, Couch, Dobbs, Mary House, Turner, Chosewood, Hulet, Bowden, York, Hardy, Moore, Osburn, Cooper, Johnson, Lyle and Saunders for, and Hartsfield, Gann, Buchanan, Williamson, Milligan, Loch, Wardlaw, McCutcheon, Vaughan, White, Barrett, Reynolds, Wells, Drennon and Smith against.

Alderman Murphy, Councilman Harry York, of the sixth, and Councilman Cooper supported the measure on the floor of council.

**LONDON BOBBIES  
RECEIVE SHAKEUP**

London, July 2.—(AP)—London's bobbies will carry on next fall under one of Britain's most distinguished soldiers, Viscount Byng of Vimy.

The appointment of Lord Byng as commissioner of police to succeed Sir William Norwood was announced today by the home secretary, Sir William Joynson-Hicks and caused considerable surprise in London. At first many jumped to the conclusion that the appointment had something to do with the notorious Money-Savage case, which involved charges against the metropolitan police and which has been agitating public opinion for some weeks. It was authoritatively stated later in the day, however, that the retirement of Sir William Norwood was at his own request and had nothing to do with the Money-Savage case.

The case arose from the arrest of Sir Leo Money and Miss Irene Savage, a pretty girl of 22, for "improper conduct" in Hyde Park. The two were acquitted and serious charges were made against the alleged third degree methods of the police.

So aroused was public opinion that an inquiry into the aspects of this case in particular and the conduct of police in general was instituted by the home office. No findings have as yet been returned but it has been recently reported that the three men charging the commission of investigation have had difficulty in reaching a unanimous finding.

Lord Byng, commanding a Canadian corps in 1917, smashed the Hindenburg line and rose to fame and a peerage. As Sir Julian Byng he had already made a name for himself in the army in pitched battles of the world war. He became governor

**Nebraska Governor Endorses  
Democratic Farm Plank**

Republican Leader Says It's What Farmers Want

Chicago, July 2.—(AP)—The Chicago Daily Journal today printed a telegram from Adam A. McMullen, republican governor of Nebraska, and leader of the Lowden agricultural group at the republican national convention replying to a request from the newspaper for his opinion of the agricultural plank in the democratic platform adopted at the Houston convention. Governor McMullen's reply follows:

"Answering your wire, the agricultural plank in the democratic national platform is satisfactory to the farm organizations because it embodies specifically the provisions of the McNary-Haugen bill, although it does not use the term equalization fee.

"It provides first for a federal farm board as did the McNary-Haugen bill; second in the following language: 'We pledge the party to an honest endeavor to solve this problem of distribution of the cost of dealing with crop surpluses over the marketed units of the crops whose producers are benefited by such assistance.' It provides for the equalization fee provision of the McNary-Haugen bill.

"The equalization fee provision of that bill simply planned a method whereby the farmer could distribute any surpluses of crops produced at his own expense without governmental subsidy or bonus. That is the heart of the legislation the farmers demand. It places the farming industry on a respectable business basis. This plank should have been incorporated in the republican national platform as it would be in keeping with the fundamental doctrine of protection upon which the republican party is founded. The democratic party does not believe in the protective tariff and yet the agricultural plank of its platform extends the protective system to agriculture, no doubt on the theory that the protective system is a permanent economic institution."

Los Angeles, July 2.—(AP)—Anita Stewart, film star, known in private life as Anna Mary Brennan, was granted an interlocutory decree of divorce here today from Rudolph Cameron Brennan.

Miss Stewart told the court that her husband liked night life in New York and that she didn't. She testified:

"He went to the Lambs' club where he lived alone and refused to return. He said he wanted to go out and stay out, and finally he packed his belongings and left me."

Miss Lucille Stewart, sister of the plaintiff, and also a screen actress, testified that Brennan said he was sick of married life and was tired of having a wife.

The couple were married in May, 1918, and separated while vacationing in New York in 1923, testimony showed.

Miss Stewart filed her suit here under the name of Brennan instead of Cameron, by which the couple also was known.

## LE BOUEF SLAYERS LOSE REHEARINGS

New Orleans, July 2.—(AP)—Three convicted murderers lost another skirmish in their fight to escape the gallows when the state supreme court today denied them a rehearing.

This action leaves Mrs. Ada Bonner Le Bouef, Dr. Thomas E. Dreher and John Pleasant Harris with only executive clemency between them and the death penalty. Governor Huey P. Long is expected to set a date for the hangings within a short time.

Mrs. Le Bouef and Dr. Dreher, prominent Morgan City physician, were convicted of slaying James J. Le Bouef, husband of the woman and superintendent of the Morgan City branch of the Louisiana Public Utilities company, whose body was found weighted down with angle irons in Lake Folsom, near Morgan City, last July 6. The slaying was alleged to have been committed a year ago yesterday. A love affair between the woman and physician was assigned as the motive.

Harris killed his sweetheart, Katherine Wilson, here several years ago, almost in front of police headquarters. He escaped before the trial but was captured in Canada.

Informed today the decision of the supreme court, Mrs. Le Bouef and Dr. Dreher, who are in the parish jail at Franklin, said they had nothing to say. Both appeared calm.

The woman and the physician are alleged to have lured Le Bouef out on the lake on the night of July 1 and there he was shot to death after which his body was ripped open to keep it from floating. As an additional precaution three angle irons were attached to the body.

James Beadle, Morgan City trapper and friend of Dr. Dreher, was tried along with the physician and Mrs. Le Bouef. He was found guilty and sentenced to life imprisonment. His attorneys insisted he was used as a "tool" by the doctor. He is now serving his term.

## Waynesboro Girl Is Chosen Queen Of Water Fete

Savannah, Ga., July 2.—(AP)—Miss Mary Brinson, of Waynesboro, "queen of Burke county," won the hearts of judges of floats in the fifth annual water carnival here today. Seated on a float simply designed with a color scheme of three shades of lavender and carrying many baskets of flowers she was awarded first place.

"Miss Liberty" was second choice; "Miss Wayne," third; "Miss Tattall," fourth, and "Miss Glyn," fifth.

Miss Elizabeth Stevens, of Hinesville, posed as "Miss Liberty." She was mounted in a seashell at the end of a white float which rounded off into a point at the front. "Miss Wayne" was portrayed by Miss Elaine Nix, of Jessup. Her float was an effect of crinkled yellow seashells clustering to a giant shell throne at the end of the float, which was drawn by a huge butterfly.

Miss Ned Walling, of Reidsville, represented "Miss Tattall." Miss Willodeen Colon, of Brunswick, rode as "Miss Glyn" in a red float with silver trimmings and drawn by a giant red robin.

The festivities will continue through tomorrow with entertainment at Daffin park and Tybee.

Miss Mildred Roberts, Savannah, was crowned "Miss Savannah, 1928" tonight by Miss Mary Corish, last year's queen.

The coronation preceded a water circus at Daffin Lake, which was staged entirely on the water. The two-hour program was concluded with a magnificent display of fireworks.

Approximately 75,000 spectators lined the streets of Savannah to view the parade of 36 elaborately decorated floats bearing beauty queens and their ladies-in-waiting from 26 Georgia, Florida and South Carolina counties.

## CAPTAIN J. W. HUGHES BURIED AT LUDOWICI

Ludowici, Ga., July 2.—Captain J. W. Hughes, of Ludowici, one of the best known men in south Georgia, whose death occurred in a Savannah hospital Friday night, was laid to rest in Jones Creek cemetery, near this place, Sunday morning following the funeral service which was conducted at Wesley Chapel Methodist church at Jones creek by the pastor, the Rev. C. W. Jordan, assisted by the Rev. G. E. Crawford, pastor of the Ludowici Baptist church.

Captain Hughes was born 80 years ago in Liberty county, in the part which is now Long county. He was the eldest son of Captain William H. Hughes and Miriam Martin Hughes. His father was in command of the Liberty guards, a cavalry company from this county, which did notable service during the struggle and which was practically annihilated during the battle of Noon Day church in north Georgia. A short time before the close of the war, the deceased joined the Georgia militia. Two years after the death of his father, Captain Hughes was made commander of the Liberty guards about 1888, holding the office until the cavalry troop was disbanded in 1910.

The deceased was a pioneer in the naval stores industry. He was a life-long member of the Wesley Chapel Methodist church at Jones creek, being a steward, a trustee and the charge lay leader.

Captain Hughes was twice married, first to Miss Amanda Parker, of this county, and second, to Miss Missouri Folson, of Lowndes county. To the first union were born the following children: W. H. Hughes, Mrs. W. Z. Smith and Miss Daisy Hughes, Ludowici; Dr. J. M. Hughes, Glenville; H. F. Hughes, Starke, Fla.; Mrs. J. W. Hodnett, Marietta, Okla., and another son, D. Parker Hughes, who was drowned on the Otranto during the world war. Of the second union were born: A. F. Hughes, Fort Paul, Georgia. A short time before the service which is so convenient.

## SOUTH GEORGIA AIDED BY POWER EXPANSION

Valdosta, Ga., July 2.—Running new power distributing lines to various places in south Georgia is adding materially to construction activity in this section at present, the Georgia Power and Light company having several projects of this kind under way and others in preparation.

Engineers are completing the plans for extending the distribution line from Boston, in Thomas county, to Barwick and Pavo, a distance of about 16 miles, and it is expected that the work will get under way soon. The company recently bought the plants at both of these places and contracted to furnish energy at wholesale.

Work of constructing a line from Cogdell to Pearson to supply the latter place is already under way, a distance of 12 miles to be covered. Construction work is also under way on the new pole line extending eastward from Habira to Hay City and Lakeland, the company being under contract to supply both of these places.

Several other places in south Georgia are negotiating for a supply of energy from the company, which will make necessary several other extensions later on.

As the new lines are constructed the network covers south Georgia in almost every direction and farmers are rapidly availing themselves of Georgia. A shore time before the service which is so convenient.

## DALTON WOMEN HOLD ANNIVERSARY JUBILEE

Dalton, Ga., July 2.—(Special.)—The Woman's Missionary society of the Dalton district held its annual meeting recently in the First Methodist church at Summerville, with Mrs. J. F. Fowler, district secretary, presiding.

This being jubilee year or the 50th birthday of the missionary societies of the Methodist church, the meeting was opened with communion service by Rev. T. H. Maxwell, of Summerville, and Rev. Frank Quillian, of Dalton, presiding elder of the district.

## BRITISH CRUISER AGROUND INSIDE HALIFAX HARBOR

Halifax, N. S., July 2.—(AP)—The British cruiser Dauntless, of the north Atlantic and West Indies squadron, is aground on Tribune Shoal inside the entrance to Halifax harbor and believed likely to be a total loss. The cruiser ran aground while entering the harbor in a fog. There were no casualties.

Captain K. D. W. MacPherson, commander of the Dauntless, gave the order to "abandon ship" four hours after she struck. He ordered vessels around the stranded cruiser to keep clear as there was danger of her breaking in two. The men were moved in lifeboats with their effects and placed aboard the Canadian cruisers Festubert and Ipres.

## ATHENS BAR INDORSES JUDGE MARCUS BECK

Athens, Ga., July 2.—Members of the Athens Bar association met today and unanimously indorsed Judge Marcus W. Beck for re-nomination in the democratic primary for presiding justice of the supreme court of Georgia.

The resolution adopted by the Athens Bar association indorsing Judge Beck follows: "Resolved, that the members of the Athens bar in meeting assembled this July 2, 1928, do most heartily indorse Hon. Marcus W. Beck, presiding justice of the supreme court of Georgia for reelection to this high and responsible position."

"Judge Beck is a man of the highest character, conscientious, fair-minded, and faithful in all the relations of life. He is a lawyer of great ability, and his services upon the bench have been highly efficient and satisfactory to the bar and the people. We earnestly commend him to the voters of this and other counties in the state for reelection."

## SAVANNAH DEMOCRAT RESIGNS PARTY POST

Savannah, Ga., July 2.—(AP)—H. O. Durham, of Savannah, a member of the state democratic executive committee, has tendered his resignation from that body because he "cannot support the party ticket" in the November presidential election.

His letter of resignation to G. E. Maddox, of Rome, chairman of the state committee, said:

"I beg to submit herewith my resignation as a member of the state democratic executive committee, state at large. Like many thousands of my fellow Georgians, I am not in sympathy with the action taken at Houston and cannot support the party ticket in November."

"Those democrats who brought about the nomination of Smith and Robinson are the same democrats who have always opposed restricted immigration, prohibition and who would like to cancel war debts and saddle them on America. Verily, verily, the time has come when the solid south should throw off the yoke of political slavery."

## JULY WILL BE MONTH OF MILITARY ACTIVITY

With more than 20,000 civilians in the southeastern states scheduled for military training during July various camps in this section, featuring the military calendar of the fourth corps area, the month just opened will mark a period of high activity. It was reported at corps headquarters here Monday.

The national guard, with 13,755 men to receive training, the citizens' military training camps, with 4,017 applicants, the R. O. T. C. and reserve officers corps units will compose the civilian component of the United States army participating in summer camp activities this month.

Among the individual items listed on the July military calendar of the fourth corps area is the encampment at Fort McPherson, from July 1 to July 24, of the 162d infantry brigade, Nashville, Tenn., and the 325d infantry, of Knoxville and other points in Tennessee.

Georgia units of the national guard to train at Camp Jackson, S. C., from July 8 to July 22, are the state staff detachment, Atlanta, headquarters company, 30th division, Griffin; 30th tank company, Forsyth; headquarters and headquarters company, 59th brigade, Macon; 121st infantry, units in south Georgia, with headquarters in Macon; company E, 133d engineers, Springfield, and the 114th hospital company, Atlanta.

Between July 15 and 20, the 122d infantry, Georgia National Guard, Atlanta, will train at Camp McClellan, Ala., while from July 18 to July 31, the headquarters 163d infantry brigade, Macon; the 325th infantry, of Albany and other Georgia points, and the 328th infantry, of Atlanta and other points, will train at Fort McPherson, and the 452d field artillery, of Macon and other Georgia points, will train at Fort Bragg, N. C. The

Members of the American Business club will hold their weekly luncheon and meeting in the Henry Grady hotel at 1 o'clock this afternoon. An unusually interesting program has been promised by "The Georgia Cracker," weekly bulletin of the club.

## CITY CONTRACT LAW IS AMENDED

Bids for approximately \$100,000 worth of sewer construction work to be done from sewer bonds funds Monday afternoon were rejected by city council following amendment of an ordinance passed at the meeting of that body June 18 requiring contractors to submit statements from banks as to their financial rating and responsibility.

Action of council in amending the previously passed ordinance was taken on recommendation of Mayor I. N. Rapadole, and that portion calling for the bank statement was stricken from it on the theory that its retention would restrict bidding to too few contractors.

## 'BETTER SIRES' TRAIN ITINERARY COMPLETED

Itinerary of the special train that will carry pure-bred bulls intended to supplant the scrub bulls now owned by farmers throughout the state was announced Monday by officials of the Georgia association, which is sponsoring in cooperation with other organizations the dairy farm movement.

Bulls of pure-bred Jersey, Guernsey and Holstein strains will be carried on the "better dairy sire special train" for distribution to Georgia farmers. Arrangements now are being made in various sections, enabling the farmers to obtain the pedigreed cattle at low prices, while they are aided in disposing of scrub bulls at a relatively high figure, it was stated.

A premium above the market price is being offered by the White Provision company for scrub bulls disposed in the dairy movement.

The schedule of the special train follows:

Atlanta, July 23, 2 to 5 p. m.  
Waycross, July 24, 2:30 to 7 p. m.  
Alma, July 25, 8:30 to 11:30 a. m.  
Douglas, July 26, 2:30 to 6 p. m.  
Fitzgerald, July 26, 8:30 to 11:30 a. m.  
Tifton, July 26, 2:30 to 6 p. m.  
Thomasville, July 27, 10 a. m. to 12:30 p. m.  
Moultrie, July 27, 3 to 7 p. m.  
Rebecca, July 28, 8 to 11:30 a. m.  
Cordele, July 28, 1:30 to 6 p. m.  
Vienna, July 30, 8:30 to 12 noon.  
Oglethorpe, July 30, 2 to 6 p. m.  
LaGrange, July 31, 8 to 12 noon.  
Manchester, July 31, 3 to 6:30 p. m.

In direct supervision of the journey traveling on the train will be F. H. Abbott, of the Georgia association; H. L. Alsbrook, V. L. Collier and W. R. Tyker, of the A. E. & C. railroad; Ward Smarr, of the Jersey Breeders' association; W. W. Fitzpatrick, of the Guernsey association; Channing Cope, of the Utilities Information Committee of Georgia; H. S. Mobley, of the International Harvester company; C. H. Bishop, of the state department of agriculture and other representatives of the organization interested in aiding Georgia farmers in the dairy industry.

## NEW BEAUTY DISCOVERY IS ON ATLANTA MARKET

"Amor Skin," hailed as a scientific European beauty discovery that rejuvenates and rebuilds the skin cells during sleep, today goes on the market in Atlanta and will be on sale at Jacob's pharmacies.

In connection with the opening of sale of this interesting and widely heralded beauty preparation, a campaign of advertising today begins in The Constitution, to be continued here exclusively in this paper. "Amor Skin" has attracted widespread attention and its advent on the local market is slated to be attended by interest for many women.

## GREAT FIREWORKS DISPLAY PLANNED FOR JULY FOURTH

As a feature of the Fourth of July celebration a huge replica in fire of the Statue of Liberty in New York harbor will gleam during the fireworks display which climaxes the night show at Lakewood park.

The big Liberty set piece will be outlined in jets of fire and tower some 30 feet in the air. It will be done in true colors, and as it becomes one flaming piece of color, the torch in the upraised hand of Liberty will spout a dazzling bright light.

Another brilliant piece will be the "Niagara Falls" number, which always has been so popular here, and this time the effect will be more than 150 feet long. The dazzling white light, rolling from the heights down into the waters of the inland lake, is so bright that a newspaper can be read by it in the grandstand.

## ATLANTA CHILDREN GET SCREEN CHANCE AT LOEW'S GRAND

Atlanta has provided several stars for the screen and also for the stage, several of them being selected in contests sponsored by The Constitution, but this week at Loew's Grand theater there is a decidedly novel contest under way to discover talent. This is a contest for children not less than three years old and not more than 12 years old and the winner has a chance of being selected to act in the famous "Our Gang" comedies staged by Hal Roach.

At every performance at Loew's Grand theater this week a group of kids will be presented to the audience and one will be selected as likely material for one of the famous characters in the "gang." Then the winners of the preliminaries will enter the finals during the last part of the week and this winner will have the opportunity of competing for a place in the movies at \$100 a week, a substantial sum to be earned by a child.

These contests are being staged in 25 American cities. Later on a real comedy will be made with the Atlanta children selected for the "gang parts" playing these roles and with all the other children who have entered the contests taking some kind of part in the play. The comedy will be staged under the direction of the noted Hal Roach, himself, and it will be a great occasion for the children who are participating in the contest, which is now under way at Loew's Grand theater. The contest lasts from July 2 to August 4 and all contestants must have the consent of their parents before they can enter. Arrangements have been made whereby children may enter by sending in photographs of themselves or can enter by appearing personally at the theater. Each applicant by mail must send a self-addressed envelope so that information can be supplied concerning the time for a personal appearance at Loew's Grand theater.

## TWO NEW ROUTES FOR U. S. AIR MAIL

Washington, July 2.—(AP)—The West Indian Aerial Express, Inc., New York, and the Pan-American Airways, Inc., New York, each bid \$2 per mile on the air-mail route from Key West, Fla., to Porto Rico, bids for which were opened by the postoffice department today. The Pan-American Airways, Inc., was the only bidder on the route from Key West to Porto Rico.

The proposed routes, the department said, "represent the most pretentious efforts on the part of the postal service to encourage commercial aviation in the western hemisphere and to bring about a closer and more friendly contact with our sister republics throughout the south."

Route 1,640 Miles Long.

The route to the Canal Zone, 1,640 miles long, provides for stops at Havana, Cuba; Merida, Mexico; Belize, British Honduras; Tegucigalpa, Republic of Honduras; Managua, Nicaragua; San Jose, Costa Rica, and Cristobal, Canal Zone, seven times a week.

The Porto Rican route runs from Key West to Havana, Santa Clara, Camaguey and Santiago, Cuba; Port-au-Prince, Haiti; Santo Domingo, Dominican Republic, to San Juan, Porto Rico, with service each day three times a week.

Under the contract for the Canal Zone route the postmaster general will reserve the right to include Guatemala and Salvador in the route, and also to extend it southward from the Canal Zone, Cartagena, Colombia; Maracaibo, Venezuela; Caracas, Dutch West Indies; La Guaira, Venezuela.

## Mineral-Tone Co. Issues Statement To The Public

The many inquiries about the new liquid Mineral-Tone recently placed on sale has prompted the Company to issue an official statement with reference to the celebrated iron tonic and blood purifier.

"The new liquid Mineral-Tone is the result of constant experiment by the laboratories to find a method of making a uniform liquid preparation," says the statement. "This method has been found and the new liquid Mineral-Tone is not only equal to the 'dry' package formerly sold, but is much superior in many ways: It is uniform in strength, more convenient to the user, and preparing the liquid at the laboratory assures scientific exactness.

"As is well known, Mineral-Tone is a product of nature itself. Nothing is added to it except the purest water. It is absolutely free from alcohol, narcotics, laxatives and all other artificial drugs. The mineral itself is simply steeped in water.

"So far as known, the deposit of Mineral-Tone found in North Georgia is the only one in existence. It is rich in iron and other mineral salts that have made it famous as a blood purifier, digestive remedy and rheumatic treatment. Being literally compounded in nature's own laboratory, Mineral-Tone is easily absorbed by the system and users do not have the difficulty usually experienced with artificial iron tonics. Being entirely free from alcohol, narcotics and other artificial ingredients, Mineral-Tone is perfectly safe for even children and very elderly people to take.

"Hundreds of grateful testimonials are reaching the Company thanking them for the extraordinary benefits received from the medicine.

"The new liquid Mineral-Tone may be purchased at all first-class drug stores."—(adv.)

## UTILITY RELATION TO PRESS BARED

Washington, July 2.—(AP)—Ground work laid by public utility organizations to prevent "politicians" from conducting an investigation into the industry under the Walsh senate resolution and widespread methods to influence public opinion by obtaining free publicity in newspapers were revealed today in the federal trade commission's inquiry.

Documents taken from the office files of Arthur F. Herwig, of Milwaukee, director of the Wisconsin Public Utility Information Bureau, for the first time disclosed preparations made by the joint committee of National Utilities associations last year for the proposed Walsh investigation and heretofore unrevealed publicity methods of Ohio utility organizations.

Conference Report.

A report on a conference between the joint committee and about 100 state publicity directors and utility executives October 11, 1927, which Herwig identified, said that the purposes of the joint committee, which as "rehabilitated" last June through a \$400,000 fund contributed by public utility organizations, were information and publicity and "political" for want of a better name.

The report said that "fears of state committees that they might be involved in politics by the joint committee were allayed by statements of P. H. Gadsden and G. B. Cortelyou, chairman and vice chairman, respectively."

Gadsden was reported as saying that the committees would be excluded from the political objective, and that their public relations work would not be jeopardized by any unfair requests from the committee.

Loyal Committee.

The report continued that Gadsden explained "this committee was now organizing a committee of lawyers to prepare the industry for the Walsh resolution, just as if it were going to be passed. He asserted that the committee is not going to oppose the proposed investigation of the industry, if there is a serious demand, but that it was going to fight efforts to place politicians on such an investigating committee."

Gadsden then was quoted as saying, "We will welcome an investigation conducted by men who by experience and training are qualified to conduct such an investigation. We will then turn our backs on congress and face the people and we will tell our story."

"Bear in mind that much, if not the major portion of speeches printed by the newspapers reflected almost wholly the viewpoint of the utilities so that it might also be labeled straightforward propaganda on behalf of the utility industry," Ben E. Line, Ohio bureau director, was quoted in the report as saying, "but this matter that might properly be classified as strictly propaganda, and there be barred from the news columns of the big dailies, actually did find its way into these papers because, being delivered by a speaker before an organization outstanding in the community it became news and was printed as such."

In the same report B. J. Mullaney, of Chicago, director of the Illinois committee, was quoted as saying that "we are trying to promulgate the idea rapidly among the newspapers that public utilities offer a very fertile field, developing regular, prompt-paying customers advertising columns of the newspapers. When the idea penetrates the United States, unless human nature has changed, we will have less trouble with newspapers than we have had in the past."

But newspapers do not care a snap for our spasmodic advertising," Mullaney urged regular advertising by utility companies to stop the attacks of newspapers on them.

## EDUCATION CALLED MEANS FOR PEACE

Minneapolis, Minn., July 2.—(AP)—Education should produce intelligent patriotism and pave the way for avoiding war, Daniel L. Marsh, president of Boston university, told the National Education association at its convention tonight.

A speaker at the second general assembly, Dr. Marsh said the rising generation should be taught causes of war, best ways of avoiding it when disputes arise, and cultivation of understanding and good will as means of establishing permanent peace.

Education assumes an important function in shaping world destinies, because efforts to make war "humane" by international covenants governing use of gas and other war-time weapons are futile, said Dr. Marsh.

Such efforts cannot be successful, he asserted, because "as soon as you convince people that life is in peril, it is natural and to be expected that they will resort to every device made possible by science and the very ingenuity of hell to defeat their enemy."

## DRY BODY CALLS SESSION TO NAME PRESIDENTIAL HOPE

Washington, July 2.—(AP)—A call for a political convention to be held in Chicago July 10, for the purpose of nominating a presidential ticket, was issued here today by the Jefferson-Lincoln league, of which James A. Edgerton, of Washington, is president.

The league's members were asked to assemble in Chicago on July 9, "for the purpose of discussing the best methods of cooperating with organizations called by reform parties and organizations for July 10." The call declared that the league had, among other "fundamental purposes," the aim of assisting "the protection and enforcement of the eighteenth amendment and the prohibition laws."

## MOODY WILL NOT ATTEND MEETING OF DRY DEMOCRATS

Austin, Texas, July 2.—(AP)—Governor Dan Moody, of Texas, leader of the extreme dry fight at the democratic national convention, declared today he would not attend conference called to meet at Asheville, N. C., by dry democrats opposing Governor Smith, of New York for president.

"We did not get exactly what we wanted at the convention," Mr. Moody said, "but the platform declares for enforcement of prohibition and that is the main thing."

## FOUR ARE KILLED BY SUDDEN GALES

St. Paul, Minn., July 2.—(AP)—Four deaths, at least a dozen injured and damage estimated at more than \$1,000,000, marked the path of a series of storms and tornadoes that swished through four northwest states last night and early today.

Two persons were killed in Minnesota and two in North Dakota. They are Miss Grace Halliday, Aberdeen, killed near Jamestown, N. D., when her automobile overturned as she drove before the storm; Joe Heinze, a farmer near Alice, N. D., killed when the roof was blown off his barn; Mrs. Herman D. Jerke, Lake Park, Minn., killed when a barn collapsed and Lewis Kaus, 17, Fergus Falls, struck by lightning.

Damage appeared greatest at Anoka and Clear Lake, Minn., and Osceola, and Clear Lake, Wis., where tornadoes dashed to earth. At Anoka the storm roared over a strip one and one-half miles wide and about 25 miles long, demolishing buildings and killing livestock on 25 farms, besides flattening small grain and corn. The damage here was estimated at \$100,000.

At Osceola the damage was unofficially estimated at several hundred thousand dollars from the tornado which hit buildings and flattened crops. At least 30 farms within a radius of five miles of Osceola suffered damage. Wire communication was disrupted making an accurate check difficult.

Clear Lake, Wis., reported destruction or damage of nearly a score of farm buildings while near Clear Lake, Minn., it was estimated that at least 70 farms suffered some damage.

Dead livestock, damaged homes and flattened crops marked the path of the storm in North and South Dakota. A score of points in the two states reported damage by the high winds which were accompanied by hail, rain and a brilliant electrical display.

## Parker, of Louisiana, Announces Support Of Governor Smith

New Orleans, July 2.—(AP)—John M. Parker, former governor of Louisiana and progressive candidate for vice president in 1916, announced today he would support Governor Alfred E. Smith, of New York, for the presidency in November.

Mr. Parker said he would support the New Yorker because he "is in closer touch with the wants of humanity and the welfare of the people than any executive in my recollection."

High tribute was paid to Senator Joseph T. Robinson, of Arkansas, Governor Smith's running mate, by the former governor. He declared the democrats had "chosen a wonderful ticket" and is of the opinion there is hardly any doubt as to their victory in November.

## W. L. STANLEY SPEAKS BEFORE TRAFFIC CLUB

W. L. Stanley, vice president of the Seaboard Air Line railway company, was principal speaker at the regular meeting of the Traffic club of Atlanta, Monday in the Atlanta Athletic club. Mr. Stanley talked on "Motor Truck and Bus Competition as Affecting the Railroads and Public."

Mr. Stanley commented on the rapid growth of commercial motor traffic and the permanent place it has come to occupy in the transportation system of this country. He indicated the adjustments that the railroads would need to make to allow for this situation, pointing out the functions of the railroad that could never be supplanted by the motor truck or bus. Members of the public service commission and the traffic rate expert of the body were guests of the club to hear Mr. Stanley's address.

An entertainment feature of the program, which was sponsored by the

Seaboard Air Line railway, was the performance in sleight-of-hand tricks by Fred Coolidge, Jr., wellknown amateur magician.

T. B. Curtis, first vice president of the Associated Traffic Clubs of America, and former president of the local group, reported on the sixth annual conference of the national organization, which was recently concluded in San Francisco.

### CLEMENCY FOR GOWER TO BE SOUGHT TODAY

The state prison commission Tuesday will hear a plea for clemency for Sam Gower, convicted in Gwinnett county on a murder charge and now under sentence to be executed at Milledgeville. The supreme court recently upheld the verdict of the Gwinnett superior court in the case and Gower was resented.

The commission will hear a plea for clemency Thursday, to be filed by attorneys representing John Fickling, Savannah negro, who was convicted on a murder charge in Chatham county.

Skin eruptions successfully  
treated from within

SKILLED physicians recognize the appearance of pimples, boils and other skin eruptions as being an indication of an abnormal condition of the system.

This is why so many thousands have been enabled to free themselves of these unsightly blemishes and painful skin annoyances by taking a course of S.S.S.

You owe it to yourself and friends to give S.S.S. a trial. It helps Nature build rich, red blood—those vitalizing elements in the blood that build and sustain the body.

In building rich, red blood cells, S.S.S. improves the processes by which the body is nourished.

"I suffered from impure blood—was weak, and I had lost so much weight, I didn't look natural. I had pimples and was also bothered with a breaking-out that itched terribly. I also had boils one after another. I tried different kinds of remedies, but nothing did me any good until a friend advised me to take S.S.S., which I did. This was some time ago. Now I feel well, and I am getting along fine. S.S.S. stopped the itching and it cured me of boils. I advise all weak and run-down people to give S.S.S. a trial. It clears up the skin and makes you strong and fills you with energy."

Mrs. J. W. Barker, 1337 Walnut Street, Cincinnati, Ohio.

When your system is filled with rich, red blood, you don't have that tired, languid feeling when you awake in the morning. Instead, you feel, refreshed, ready to meet the world.

Your appetite is keen—you enjoy work or play—your skin is clear, cheeks naturally rosy.

All this because rich, red blood builds and sustains the body.

All drug stores sell S.S.S. in two sizes. Get the larger size. It is more economical.

## FRENCH BALLOON APPEARS WINNER

Detroit, July 2.—(AP)—The winner of the 1925 James Gordon Bennett international balloon race remained in doubt tonight, pending a report from the German bag, Munster, the only balloon not reported landed.

The other 11 bags which started in the race from Detroit at 4 p. m. Saturday had been brought safely to earth late today closely grouped in sections of Virginia and West Virginia, with one bag crossing over into the northern part of North Carolina.

The air line distances covered by the French balloon, Blanchard, which landed at 11 a. m. at Walnut Cave, N. C., and the United States army bag piloted by Captain W. E. Geyser, which landed at 12:20 p. m. near Kenbridge, Va., was so close as to make doubtful which one was out in front in the race.

These two bags, according to Karl Betts, scorer for the aeronautic classic, traveled the farthest air line distances of any of the 11 balloons down. He expressed belief, on the basis of unofficial calculations, that the Blanchard had beaten the army entry, but said it was a close race.

No messages had been picked from the Munster, piloted by the veteran balloonist, Ferdinand Zimmermann, with Karl Zech as aide, but it was believed to be somewhere over Virginia or the Carolinas. It was the first to take off in the race.

The second French entry, the Lafayette, piloted by George Blanchet, with Dr. G. M. Legalle, Detroit, as aide, landed safely at Elk Hill, Va., at 9 a. m. today.

Other bags which landed today were another German entry, the Barmen, piloted by Hugo Kaulen, Sr., with his son as aide, which came down near Chase City, Va., at 10 a. m., and the Danish balloon, Denmark, piloted by S. A. U. Rasmussen, which landed at 2 a. m. on a farm one mile northeast of Roanoke, Va.

Balloons which landed Sunday were the Ernst Brandenburg, German entry, piloted by Captain Bertram, which landed at Davis, W. Va., the Wal-lonie, Belgian entry, which came down near Beverly, W. Va.; the Argentina, which landed at Millboro, Va.; the Swiss entry, Helvetia, down at Ensmont, W. Va.; the American Business Club of Akron, Ohio, which landed at Stuart's Draft, Va., and the Detroit, which landed at Cass, W. Va.

## PLANS ANNOUNCED FOR PROTECTING GEORGIA FORESTS

Greatly expanded facilities for shielding Georgia's forests from the ravages of fire will be administered during the coming year by the state department of forestry, as a result of plans approved here recently at a meeting of the state forestry board.

Among other announced features in the enlarged program of activity for fire control and reforestation is an agreement, approved by the board, providing for cooperative nursery work with the Georgia State College of Agriculture.

Two thousand dollars in federal aid funds for promotion of reforestation in Georgia was allotted to the forestry school of the college, the appropriation representing a marked increase over the \$800 provided for this purpose last year. The fiscal year of the forestry department ended June 30.

The college nursery at Athens expects, as a result, to have a large number of slash, longleaf, and loblolly pine seedlings ready for sale this fall, officials of the department said.

Nine additional timber protective organizations will be allied with the state forestry department in its work during 1925, it was disclosed in the fire protection budget submitted by the state forester and formally approved by the board.

The organizations are under cooperative agreement with the department for fire-control work, officials explained. They will employ a total of sixty-two patrolmen and thirteen towermen, and will purchase seven new lookout towers ranging in height from 30 to 110 feet, it was announced.

## "OYSTER KING" QUILTS PRISON; TO EDIT POEMS

Tallahassee, Fla., July 2.—(AP)—William Lee Popham, so-called "oyster king," is returning to his home at Apalachicola, to edit poems of his own composition, after serving 19 months in federal prison at Atlanta, it was learned today.

Popham was convicted early in 1925 of using the mails to defraud in connection with the promotion of oyster bottom near Apalachicola. He formed a corporation with several thousand stockholders for the propagation of oysters.

After his conviction in federal district court and his subsequent sentence to four years in prison, Popham's case was affirmed by the United States court of appeals at New Orleans. It was taken to the United States supreme court, but that tribunal denied a petition for a writ of certiorari.

The poems which Popham plans to edit were written by him while serving his sentence.

Popham has been released on parole from the federal penitentiary here, according to Warden John W. Snook.

## HUGE AIRPLANE WILL TAKE-OFF ON 7,000-MILE HOP

Rome, July 2.—(United News).—The longest non-stop airplane flight ever attempted—from Rome to Buenos Aires, a distance of approximately 7,000 miles, will start Tuesday between 7 and 11 p. m., weather permitting, the air ministry announced tonight.

A huge airplane of the Savoia type, the S-64, with a 600-horsepower engine, will be used. Major Arturo Ferrarin and Major Carlo de Prete will handle the machine, which has been prepared under the greatest official secrecy.

The airplane has a non-stop flying range of more than 65 hours and will carry 5,000 kilograms of gasoline. The aviators expect to arrive in Buenos Aires Thursday night or Friday morning.

## 10-GALLON ALCOHOL KEYS WASHED UP ON PACIFIC COAST

Half Moon Bay, Cal., July 2.—(AP) Scores of ten-gallon kegs of grain alcohol washed up on the beach here yesterday after residents heard what they believed gunfire in a heavy off-coast fog.

Hearers thought a coast guard cutter was firing on a rum ship, but officials reported no such encounter. Residents then assumed a rum carrier had been sunk by hijackers, or had run on a reef and had been signaling for help.

Unofficial estimates said Half Moon Bay folk picked up 100 kegs of alcohol before prohibition officers arrived and started patrolling the beach.

## TWO POEMS FEATURE "GOOD WORDS" ISSUE

The July issue of "Good Words," published at the S. penitentiary, came off the press Monday in a special Independence day number.

Edited by Stanley C. Lee, the leading article is devoted to a discussion of Patrick Henry. Two poems, one "Mother's Neckline," by prisoner No. 23522, and another, "Just a Flower from Some Bouquet," by Captain John S. Madden, are included in the new issue of "Good Words."

## Celebrate Fourth.

Sparta, Ga., July 2.—The county commissioners and Warden Ralph Chelvey expect to serve every convict in the Hancock county stockade and camps with a sumptuous barbecue dinner on July 4. The barbecue has become an annual affair and the convicts look forward to it from one year to another. The hogs are raised at the stockade from the table scraps and used each year for a feast.

## Boy Chemist Wrecks Home And Lands in Hospital

NEW YORK, July 2.—(AP)—Because of a boy chemist's efforts to make his own Fourth of July explosives the lad and a fireman were in a hospital today.

An explosion in the home laboratory of Philip Rosenblatt, 17, wrecked the apartment. Philip's skull was fractured, Robert Withers, inspector of the bureau of combustibles of the fire department, was burned severely by another explosion when he was investigating the first.

Four other persons received minor injuries.

A month ago Philip graduated from an evening trade school. He is a cripple. Barred from the play of his fellows he became something of an expert in chemistry.

"Wait until you see the fireworks I'm making for the Fourth," he boasted to a friend.

A policeman heard an explosion yesterday and dashed up the stairs to the Rosenblatt flat. In the small front room the boy was prone from injuries. Philip's 15-year-old sister had been blown from her bed and was bruised. Windows were shattered.

Five hours later as Inspector Withers was wrapping torpedoes which Philip had made one of them exploded and set off several others. Withers' hands were mangled. Louis Rosenblatt, Philip's 11-year-old brother, was severely burned by the second blast and a patrolman was struck in the eye by a piece of flying debris.

## CIRCUS SERENADES CURTIS IN TUNE AL MADE FAMOUS

Providence, R. I., July 2.—(AP)—As Senator Charles Curtis of Kansas and his daughter, Mrs. Webster Knight, II, of this city, with whom he is spending a brief vacation, near here, entered the big top of the 101st circus playing here today, the band struck up "The Sidewalks of New York." The manager of the circus had been tipped off by a Providence police inspector that the republican vice presidential candidate was about to enter the big top and ordered the band leader to play some appropriate air.

Whether the band-master, an Irishman, was confused or whether he acted with malice aforethought, is not known.

## ALDERMEN APPROVE ALL PAPERS BUT ONE

The aldermanic board Monday afternoon concurred in all acts of the general council with the exception of setting up a street light at Bankhead avenue and English street. Action on this was deferred at the request of Alderman J. Allen Couch, of the fifth ward, who stated he knew of no such street and wished to investigate. All other papers were sent to the mayor for his approval.

## HIGHLAND APARTMENT FRIGIDAIRE EQUIPPED

Installation of the multiple type Frigidaire equipment in the Highland apartments, 484 Highland avenue, has been completed, making the building one of the most modern residential structures in this respect, according to an announcement Monday by P. A. J. E. Farrell, of the Farrell Heating and Plumbing company, owners.

The structure, which is under management of the Adair Realty and Loan company, will have the added convenience of cold storage furnished by the owners with no demand upon the tenant. This arrangement is provided in the Frigidaire equipment through a single large machine located in the basement, furnishing refrigeration to each apartment unit.

## CHILD IS RECOVERING FROM BITE OF SNAKE

Thomasville, Ga., July 2.—Joyce Finchum, little girl of Ochokeches, in the northern section of Thomas county, is in Archbold Memorial hospital here under treatment for snake bite. It is believed that the reptile that struck her was a rattlesnake, but this was not definitely established. She is four years of age, and was bitten on the leg.

## DAM HURLS WATER ON MINERS IN SHAFT

Mount Carmel, Pa., July 2.—(AP)—Seeking safety in traveling ways and emergency holes, 49 miners escaped death today as a 30-foot wall of water swept through the Locust Spring colliery of the Philadelphia and Reading Coal and Iron company at Locust Gap, near here when an underground dam burst.

Warned by the rush of water, the miners had time to scramble into the safety holes and waited until the water had passed. Then they made their way to the foot of No. 1 slope and were hoisted to the surface.

Only one man, Joseph Carey, of Girardville, was affected. He suffered from shock.

The dam was situated in the fifth level of the Colliery and was used

## 29 ARE KILLED IN MEX. BATTLE

Mexico City, July 2.—(AP)—Dispatches from Queretaro to Excelsior today said that 29 insurgents, one army officer and two soldiers were killed in a five-hour battle at La Griega, a few miles from the capital of the state of Queretaro. Seven soldiers were wounded.

A small detachment of soldiers forming the garrison of La Griega was attacked by more than 200 insurgents. Federal troops led personally by General Antonio Guerrero, military commander, rushed to their aid.

The federal troops divided into several small columns and the fighting eventually extended over a front of 18 miles.

The insurgents were finally dispersed and abandoned 29 dead. They also left behind a large quantity of ammunition, one machine for manufacturing bombs, twelve horses, several maps and a number of documents.

## ATTEMPT IS MADE TO STEAL BALLOT BOX IN MEXICO

Mexico City, July 2.—(AP)—The election of General Obregon as Mexican president yesterday had a curious aftermath in news that a party of about 100 men attempted to steal the ballot box where President Calles voted. A body of mounted police dispersed the men and prevented them from taking the box away. Some arrests were made.

## IMPOVERISHED BLOOD Causes YOUR PHYSICAL WEAKNESS Virogen

Strengthens Nerves, Muscles and Vital Organs  
—State Leading Medical Authorities

THE discovery of Virogen has revived popular interest in the old question, "What is the life of the body?" Scientists have always claimed that the blood is the life, that it is the immediate source of all nourishment and strength for every nerve, muscle and organ. They point to the fact that when the body is robbed of blood, as by hemorrhage, it dies; that when the blood is of poor quality the organs are weak; and now they point out that Virogen, which is known to regenerate the blood, also builds the strength and vigor of the entire system.

New Life Through Blood.

"To the general public, the discovery of Virogen has a practical interest of far-reaching importance, for it is known that the world is literally full of people whose blood is below the standard of vigorous health and whose strength and vital resistance to disease are therefore subnormal—not necessarily invalids—but rather weaklings who are prone to disease and complaints of every kind. To these Virogen will prove of inestimable value in rebuilding natural strength and health through regeneration of the blood."

The wonderful power of Virogen is now attributed by physicians to its blood-building power. Virogen, they explain, regenerates human blood, for it has been demonstrated beyond the possibility of a doubt that Virogen supplies Nature with the element absolutely essential to the formation of new blood.

Those who are in a position to know, claim that literally millions of men, women and children in this country are suffering from impoverished blood, in varying degrees, and are therefore deficient in strength and endurance. Such persons will find that a course of Virogen will prove most beneficial, restoring the blood to its normal strength.

If you are nervous, weak, run down, tire easily, feel you are getting old before your time—DON'T WAIT. GET VIROGEN TODAY. It will give you a new sense of well being, vital energy and strength. ## Daughter Of 'Devil Anse' Weds Again

Logan, W. Va., July 2.—(AP)—A 56-year-old daughter of "Devil Anse" Hatfield, of West Virginia mountain feud fame, is the bride of Charles W. Mullins, 20-year-old miner, of Sarah Ann, a mining village near here.

Hatfield's daughter, Mrs. Nancy B. Hatfield Vance, embarked upon her second matrimonial venture with Mullins. The groom became the step-father of several grown children. Mrs. Mullins also was a grandmother. She was divorced from John T. Vance of Rich Creek.

Mr. Hatfield offered the paper as a "cure for what he termed the lame duck evil" existing, he said, under the present system of holding early primaries and then permitting an incumbent to hold office six months or longer after a successor probably has been chosen in the primary.

This paper attempted to fix primary dates between September 1 and October 31.

An effort on the part of Mr. Hatfield to prevent naming school trustees or other civic improvements for members of council, the board of education or other living citizens, was referred to the ordinance committee for report. Vote to refer stood 13 for and 10 against.

Council passed an ordinance making it unlawful to keep gasoline, kerosene, naphtha and other inflammables in tanks which are not buried underground. The paper was offered by Alderman W. Guy Dobbin, a member of the Atlanta fire board, who declared that underwriters have objected to the manner in which such inflammables are handled.

Council also voted \$3,000 for purchase of a new automobile for Mayor I. N. Ragsdale, and \$500 for observance of Labor day.

## 'LATE' PRIMARIES PLAN IS BEATEN

City council Monday afternoon declined to ask the city democratic executive committee to hold "late" city primaries and tabled a resolution offered by Alderman William B. Hatfield, of the third, seeking to send such a petition to the committee by an overwhelming vote.

Opponents of the paper contended that the city democratic executive committee is a sovereign body, and that such an action would be only a request which any member of city council already is entitled to make to the committee.

Mr. Hatfield offered the paper as a "cure for what he termed the lame duck evil" existing, he said, under the present system of holding early primaries and then permitting an incumbent to hold office six months or longer after a successor probably has been chosen in the primary.

## SAYS KELLOGG'S PEACE PLAN NOT ENOUGH

London, July 2.—(AP)—Many noted advocates of international peace and the outlawry of war gathered at a luncheon today to welcome Dr. C. C. Morrison, editor of Christian Century, Chicago, acclaimed as the first advocate of a pact for the renunciation of war as an instrument of national policy.

Sir Henry Lunn was chairman and Viscount Cecil, Lord Parmoor, Viscount Astor, Sir Herbert Samuel, Lord Olivier and the bishop of London were guests.

Dr. Morrison in the course of his speech declared that the Kellogg agreements for renunciation of war were not enough; there must be a strong international court based on the laws of peace able to summon any nation against which there was a complaint.

## EDITOR DISAPPEARS WHILE SWIMMING IN PHOSPHATE PIT

Plant City, Fla., July 2.—(AP)—Search had proved fruitless early today for Ray A. Frame, Howey, Fla., editor of the Howey Tribune, who disappeared Saturday while swimming in an abandoned phosphate pit near here.

After a canoe in which he was riding capsized Frame was said by friends to have started to swim across the pit, challenging them to accompany him. Instead they returned to their camp.

When Frame failed to appear within a reasonable time, they became alarmed and summoned aid. Dynamite and grappling hooks failed to reveal the body and a search of nearby country developed no trace.

## New Immigration Regulation Aids Families of Aliens

Washington, July 2.—(AP)—Legislation to aid aliens permanently admitted to this country to unite with their families became effective today when the Jenkins law granting preference to families of such aliens and to skilled agriculturists in immigration quotas was put into operation.

Heretofore, the families of aliens were in the same class with those having no relatives here, and were required to wait their turn with this group. By the new act, preference is given first to families of citizens, second to skilled farmers, next to families of alien residents, and lastly to quota immigrants not included in these classes.

## Voting Starts in Contest To Name "Opportunity Girl"

MISS DORA ROUGLIN LEADS FIRST DAY

With interest running high and an "election-day" air pervading the lobby of the Georgia theater, where ballots were being cast in the Constitution-Keith's contest to select the Atlanta girl who will receive a prize of \$200 and who will be given a screen opportunity, the first count of the vote cast was made Monday night with the following results:

Miss Dora Rouglin.....\$10  
Miss Ruth Wilson.....\$700  
Miss Ruth Theos.....\$610  
Miss Mollie Belle Morgan.....\$300  
Mrs. Winifred Clarke.....\$210  
Miss Ruth Dale.....\$190  
Miss Ruth Wilson.....\$110  
Miss Evelyn Dale.....\$20

Two long lines in front of Keith's Georgia theater Monday afternoon long before the regular time for opening the house heralded the first showing of the special reel which shows all contestants in different poses, so that audiences may see and decide on their favorite, casting ballots accordingly.

Although a special box is provided in the Georgia lobby for each contestant, attention is called to the fact that the voter should place the name of his choice on each ballot in order for it to be counted.

Slight confusion arose also in counting the ballots Monday night over the fact that there are two young ladies named Dale in the contest. Quite a number of the voters marked simply "Miss Dale," and in fairness to both young ladies, these ballots were ruled out by the judges.

Voting is being done by coupons printed in The Constitution each day and by coupons secured from the program of the theater. There is no limit to the number of coupons an individual may fill out for his or her favorite, since "stuffing the ballot boxes" is perfectly legitimate in this contest.

The special film shows the young ladies in sporting costume and afternoon frocks in scenes taken in Piedmont park. Every girl has separate distance and close-up shots and all make excellent appearances before the camera.

The voting on the contestants started Monday, coupons being printed in The Constitution Monday morning and in the Keith's Georgia theater programs. All the audiences have to do is to choose the favorite of the individual patron of the theater. As her film is cast on the screen, write her name on the voting ballot and place the coupon in the voting booth in the theater lobby.

Interest in the unique contest, which will assure the winning girl of a new movie reel to be shown in the theater all next week, then to be forwarded to Hollywood, where it will be judged by some of the foremost producers for adaptability for a screen career, and in addition a prize of \$200 to be given by The Constitution and the Keith's Georgia theater, has become widespread.

The nine girls in the contest were selected by judges from photographs taken of Keith's Georgia audiences last week. The girls identifying themselves were then shot for the movie reel on last Friday and Sunday.

This coupon will count for 10 votes for your favorite contestant if filled in with her name and deposited in the voting booth in the theater lobby.

## Hughes Nominated For Moore's Place In World Court

Geneva, July 2.—(AP)—Sweden placed the name of Charles Evans Hughes in nomination today as successor to Dr. John Bassett Moore on the world court of international justice. His election will be announced officially in September when the new congress convenes.

It was known that a considerable number of powers were ready to propose the name of Mr. Hughes to the world court, but hitherto Sweden has not been mentioned in Geneva dispatches. Last Saturday dispatches from Geneva said that Japan was ready to nominate him and that it was thought he would accept the nomination.

Mr. Hughes is on a vacation trip in Europe and when interviewed in Berlin on Saturday declined to discuss anything but his vacation plans. He was visibly surprised when shown a Geneva dispatch concerning the likelihood that Japan would place his name in nomination and said that it was the first he had heard of it.

## 3 BREMEN FLIERS HOP TO LONDON

London, July 2.—(AP)—Fresh from a long round of welcoming ceremonies in Germany, the crew of the transatlantic plane Bremen, Captain Hermann Koebe, Baron von Luenefeld and Major James Fitzmaurice, arrived in London today in the German plane Europa, sister ship of the transatlantic machine.

The fliers landed at Croydon at 2 o'clock this afternoon and were given an enthusiastic greeting by a crowd of spectators, representatives of the air ministry and the Royal Aero club. They were immediately driven to the Savoy hotel, where they were the luncheon guests of the Royal Aero club.

## HELD FOR OFFERING GOLD IMITATIONS OF U. S. MONEY

Mobile, Ala., July 2.—(AP)—Ruby McCormack, a woman now held at May Minette, will be brought to Mobile today to answer a federal charge of possessing and attempting to pass gold coins in imitation of United States money. The alleged offense, it is claimed, was committed in Terre Haute, Ind., and the woman will be returned here.

## INTERURBAN CAR HITS AUTOMOBILE; MAN, WIFE KILLED

Dallas, Texas, July 2.—(AP)—Henry Brown Goodman, 64, prominent South Texas lumber man of Galveston, and his wife, aged 60, were killed here today when their automobile was struck by a Dallas-Fort Worth interurban car. They were returning from a visit to Arkansas.

Mr. Goodman, a member of the Moore and Goodman company, went to Galveston from Virginia in 1872. In 1883 he was married to Miss Marie Louise Brown, also of Virginia. Two sons and a daughter survive.

## HUGHES PAYS VISIT TO GERMAN PRESIDENT

Berlin, July 2.—(AP)—President von Hindenburg today received Charles Evans Hughes who is now visiting in Berlin. The American statesman was introduced by Jacob Gould Schurman, American ambassador to Germany.

After his visit, Mr. Hughes said: "The president received me most graciously. I consider it an honor to have met him. The visit was purely a courtesy call; so there is nothing further to say about it."

Informing that Sweden has nominated him for member of the permanent court of international justice to succeed John Bassett Moore, Mr. Hughes said: "You appreciate, of course, that I cannot say anything now, as I have no official word about this."

## Dead Mail Pilot Learned To Fly When Only Fifteen

Springfield, Ill., July 2.—(AP)—Leslie H. Smith met death in the section he left six years ago because the terrain was not adapted to flying, in that it does not afford adequate areas for forced landings, his friends recalled today. Smith lived here for six years prior to becoming a pilot for the Robertson Aircraft corporation at St. Louis.

**BOMB ATTACHED  
TO SELF STARTER  
KILLS AUTO DRIVER**

New York, July 2.—(P)—The death of a motorist from a bomb attached to the self-starter of his car was a mystery today. Benjamin Kanowitz, a fruit dealer, was killed when he tried to start the car.

The automobile was so wrecked that the method of attaching the bomb

could not be learned, but police were certain it was a bombing because a piece of gas pipe found near the machine gave off a strong odor of gunpowder.

Kanowitz was lured to his death by a fake telephone call to his wife, purporting to come from the police, which advised him he could not leave his car in the street, but must take it to a garage. He climbed into the machine and had evidently just pressed the self-starter when the explosion occurred. Windows in adjacent buildings in the Washington Heights section were shattered.

**SOUTHERN RAILWAY SYSTEM****LIME ROCK  
LASTS!**

THE ROAD between Gainesville and High Springs, Florida, the first road in the state with a Lime Rock base, economically built, with good drainage, and well surfaced. After ten years of punishment still eager for more!

Road builders have had such satisfactory experience with Lime Rock, several hundred miles of Florida highway now boast this unexcelled base. And most recently Lime Rock was specified to support the long, smooth 130 miles between Lake City and Leesburg. Two striking endorsements of Lime Rock—the experience of ten years in service, and the judgment of men who promised a good road over the longest single distance for which Lime Rock has thus far been used. Their choice parallels the decision of the Government, which approved this base for its own roads in Florida, and further strengthens the endorsement of scientists who have made the most searching tests.

Your roads should have a Lime Rock base. As a Georgia product the quarries make supplies quickly accessible at a low transportation cost; nor is there ever danger of shortage of materials, with resources easily in sight to build more than a hundred roads even longer than the road from Lake City to Leesburg!

Lime Rock works well in road construction, its chemical make-up causing it to crush solidly, bind itself without the extra cost of added materials and harden into a compact, resilient base which gives added life to the surface. Here is a unique combination of moderate cost and lasting quality, an economy for the taxpayer and a community benefit.

Roads built for service need a Lime Rock base.

Temperatures today will be somewhat in the vicinity of Monday's, which ranged from a low mark of 70 to a high reading of 88.

**ZIONISTS IN SPLIT  
OVER LIPSKY'S JOB**

Pittsburgh, July 2.—(P)—While rival group leaders endeavored to span the breach widened within the ranks for the past four years, the Zionist Organization of America, holding its 34th annual convention here, late today adopted the administrative report, storm center during the present sessions. The vote was 308 in favor of the report to 150 against it.

The ballot eliminated hours of spirited debate and impassioned orations and at the conclusion Rabbi Stephen S. Wise, New York, foe of the administration, pleaded for peace within the organization and cooperation in the movement for the upbuilding of the home land.

Rabbi Wise paid tribute to President Louis Lipsky, New York, but asked that Lipsky be relieved of the executive duties of the organization so that he might better apply his talents with the pen, which he said was dedicated to the life of Jewry.

Calling Lipsky "a propagandist of rare power," Dr. Wise added "but I say as my friend that he is not an administrator."

Other speakers included Maurice Samuel, New York, Jewish writer, who declared opposition to the administration was aiming to undermine the head of the world's Zionist movement. More than two thousand delegates and friends of the organization crowded the convention hall.

**THREE-DAY FETE  
FOR OCHS CLOSSES**

Chattanooga, July 2.—(P)—Three days of celebration in honor of Adolph S. Ochs on the semi-centennial of his ownership of the Chattanooga Times were concluded tonight at a banquet attended by 600 admirers of the publisher, among them many figures of national prominence.

Tributes paid the publisher during his three days' stay, including the honor of citizen emeritus conferred by the city of Chattanooga today, were crowned tonight in a burst of oratory at Lookout Mountain hotel.

General William L. Frierson, of Chattanooga, and United States solicitor general under President Wilson, as toastmaster, declared that Mr. Ochs was honored, not for his fame and riches, but for his recognition and fulfillment of the stewardship they involved.

Welcome Renewed.

The Rev. Dr. T. S. McCallie, of Central Presbyterian church, renewed Chattanooga's welcome to a "man so eminently deserving of every tribute laid at his feet." Dr. John H. Finkel, editor of the New York Times, the "Junior" newspaper owned by Mr. Ochs, designated his chief as a "greater man than publisher."

"Adolph S. Ochs," he declared, "is a real democrat (with a lower case 'd') whose recognition is the most helpful reading to appreciate and reward the best anywhere it comes to be."

Attest to Pride.

Louis Wiley, business manager of the New York Times attested to the pride with which two cities claim "this intrepid Chattanooga Yorker."

"In both of them," said Mr. Wiley, "the publisher of the New York Times, named his courage, industry and talents and made of them journals rendering high service to the community, reflecting glory upon journalism."

Mr. Wiley then presented Mr. Ochs with a book containing resolutions of respect from all the departments of his New York newspaper, the signatures of every employee, and letters from the heads of all departments and from former members of the staff expressing good wishes. Other speakers extolled Mr. Ochs' accomplishments extemporaneously, including Commander Richard E. Byrd, who arrived late today, and members of a committee of the board of directors of the Associated Press, appointed to present the best wishes of that body.

Informal Luncheon.

Today's festivities included an informal luncheon on Signal mountain and a tribute to Mr. Ochs by Senator E. H. Rector, New York attorney; Dr. Julian Morganstern, president of Hebrew Union college, Cincinnati; Robert Janzmann, vice president of the United States and representative of the Merchants' Association of New York; for the occasion; Charles H. Tuttle, United States attorney for the southern district of New York, and several local dignitaries.

Mr. Ochs paused at a memorial tablet erected to the memory of Charles E. James, "Master Builder," who gave Chattanooga its first skyscraper, to place a wreath on the memorial. The party stopped briefly at Ochs Memorial temple, erected by the publisher to the memory of his parents, before going to Fort Oglethorpe for a review of the Sixth United States cavalry. Thence the motor cavalcade proceeded to Lookout Mountain hotel to rest before the banquet.

**CHECKER LUCK  
OF HICKMAN  
CAUSES FIGHT**

San Quentin, Cal., July 2.—(P)—William Edward Hickman's skill or luck at dominoes caused the fight in "condemned row" at San Quentin prison yesterday between him and a fellow murderer, Joseph Troche, an ex-convict.

Hickman not only won the domino game, but the fight as well.

Hickman and Troche, cell mates, both await the morning's execution for the murder of 12-year-old Marian Parker in Los Angeles, and Troche for the killing of a San Francisco girl.

Yesterday guards heard a racket in the cell and found Troche, despite his pugilistic prowess, beaten and scratched and Hickman unscathed. Both refused to explain.

Prison officials said Hickman had won three games of dominoes and was about to win a fourth when Troche became abusive.

**COURTNEY DELAYS  
ATLANTIC FLIGHT  
DUE TO PROPELLOR**

Horta, Island of Fayal, Azores, July 2.—(P)—Captain Frank E. Courtney, who is piloting a seaplane in a three-day journey from Portugal to America, today tried out the required propeller on the generator of his radio set and announced that further adjustments would be needed before he could take off for Halifax.

One of the blades on this small propeller was broken on the hop from Lisbon. Sergeant Pierce, mechanic of the expedition, could find no duplicate for it in Horta so he fashioned a substitute.

The original blade was of aluminum. The substitute is of brass and the result is a propeller with blades of unequal weight. This caused great vibration in the generator for the radio, which will have to be overcome before the journey is resumed. Captain Courtney had to depend on the wireless for his direction when storm forced him above the clouds. Consequently, he does not care to undertake the second hop without dependable radio equipment.

**NEGRO GIRL'S BODY  
WITH THROAT CUT  
FOUND IN RIVER**

Eatonville, Ga., July 2.—(P)—The scantily clad body of Roberta Griffin, 14-year-old negro girl, was found floating in the Little Back river here today by two boys on a fishing trip. The girl had her throat slashed. The body, in a decomposed state, was seen in a sheet. The mother of the girl, Mamie Griffin, was arrested following an investigation.

## Well Balanced Vaudeville Bill Offered at Georgia

Toto, the widely-heralded clown who headlines the bill at Keith's Georgia theater this week, proved Monday afternoon that he was just as funny and just as clever as advance advertisements painted him. A finished artist in his line, he kept the audience in laughter from the time he entered the stage in a miniature car until he made his final exit carrying "Mac Murray."

Toto and his company alone would be well worth the price of admission, but that act is just one of several splendid numbers, the entire bill being one of the best offered in the city for many months.

Artie Melinger, comedian and singer, not only put his numerous jokes and songs over in a highly satisfactory manner, but, by virtue of a remarkable stage personality, he completely won over his audience.

Richards and Church received a good hand with their renditions of a few old favorite songs, and Eugene Costello and company gave a dancing act that contained not only beautiful stage effects, but artistically portrayed dances. Miss Edna Wood, Costello's dancing partner, is especially graceful. Evelyn and Del, two clever girls, opened the bill with dancing, singing and instrumental capers that put the crowd in a good humor.

The Opportunity Contest being sponsored by The Constitution and Keith's Georgia elicited much interest when the motion pictures of the young women contestants were flashed on the screen. It apparently will be a difficult task for the audience to pick a winner, and the final results will be in doubt until the close of the contest. As each girl appeared on the screen she received vociferous applause, not only from her friends, but from the audience as a whole.

Gilda Grey, in "The Devil Dancer," plays a role that was made for her, and with her marvelous acting and enticing dancing changes what might be an inferior picture into one that ranks among the best of the year.

Clive Brook, the finest English actor, who is co-starring in the picture, is, as always, good, though his acting in this particular production is overshadowed by the work of the noted dancer.

In celebration of July Fourth the Georgia theater offers a short film

## "HE MAN" SILLS SCORES BIG HIT AT METROPOLITAN

Milton Sills, movieland's ideal husband, again affords the feature entertainment at the Metropolitan theater this week. Sills' most recent opus is "Burning Daylight," an intensive drama of the north by Jack London.

The plot of the film gives the daring, daring, fearless actor an opportunity to portray his best talents. The story of the picture is one especially adapted for the starring of Sills, and it seems that he has succeeded in producing another triumph. At the capacity matinee audiences Monday the cash customers expressed their approval in convincing rounds of applause.

Doris Kenyon is again the co-star, playing opposite Sills in "Burning Daylight." Miss Kenyon's acting adds materially to the success of the film and gives it sufficient dramatic touch to make it really interesting.

Sills, in the picture, is considered as the bravest and boldest man of the entire country, and proves his prowess over his many enemies. He wins a fortune and loses it in a twinkling of an eye. But he is never daunted in his plans, and finally all turns out pleasantly, much to the enjoyment of the Monday crowds.

Realistic scenes of the recent democratic convention in Houston are shown in connection with the Vitaphone. Three other entertaining Vitaphone attractions complete a very diversified program, one of the Metropolitan's best in several weeks.

## "SYNCOATED COPS" HEADLINE PUBLIX SHOW AT HOWARD

If the streets and byways of Atlanta were to be patrolled officially with a feminine constabulary similar to the eight "Syncoated Cops" found in the current stage offering at the Howard theater, we venture to suggest that this city would be visited by an epidemic of lawlessness.

And in addition to these eight marvelous Gould dancers, there are others in the Publix production, "Hands Up," who were given big hands Monday afternoon. Dextro Ritter, "The American Prince of Wales," seemed to have been second in favor of the audience, and there was another chap, Jimmie Dunn, who also is quite an adept "show stopper." Ritter presents a somber, nondescript assortment of antics that can be relied upon to provoke plenty of laughter and applause, while Dunn, a rare wit and a "show boy" offers some unusually tuneful ditties, and cracks some really wise ones.

Jack and Kay Spangler, and Marguerite Rickard, erstwhile prima donna in "Blossom Time," also are obviously in the category of "big timers," and their turns were exceptionally well received.

On the screen, Colleen Moore and Edmund Lowe in "Happiness Ahead," is a creditable production, and gives Miss Moore many opportunities for some superb acting. Lowe is better than ever before in the roles of cardsharp, lover and husband.

## GEORGE M. COHAN MUSICAL COMEDY SCORES AT CAPITOL

Continuing its policy of presenting a new musical comedy hit from New York every week, the Eviston-Napier company brings George M. Cohan's song and dance comedy, "Little Nellie Kelly," to the stage of the Capitol theater this week. Lou Powers, veteran comedian of the company, takes the leading comic character as Officer Kelly, with Mary Farrell in the title role. The entire production is under the management of J. E. Eviston.

"Little Nellie Kelly" is particularly suited for summer production. Its 15 musical numbers and many dances make it a swift and easy going play that is purely entertaining. Mary Farrell puts personality and beauty into her portrayal of the main character, and the entire plot centers about her. George Patten, as Jerry Conroy takes the part of Nellie's neighborhood sweetheart, and finds opportunity for three or four vocal numbers including the song hit of the play, "You Remind Me of My Mother."

Harry Long, George Patten and Clarence Wagner put on Jack Donohue's military tap dance from "Sonny," which proves one of the chief attractions. Another cleverly executed bit of footwork was exhibited by Hazel Anderson. A male quartet, singing popular melodies as well as the songs written for the show, is another slight which adds to the entertaining value of the play.

The wardrobe and settings for "Little Nellie Kelly" are as fine and as elaborate as can be found with any stock musical comedy company. The staging of the production has been reduced to its simplest and easiest form, leaving no breaks in the presentation. The direction of the play, by Lou Powers, has made a smooth and unbroken performance with no delays of any kind.

"The Escape," Fox movie production of Paul Armstrong's famous stage play, is the screen feature of the week at the Capitol. The story is one about the people of the slums and their struggle for wealth and luxury, and include several interesting scenes of night club life. A news reel, comedy feature and Aesop Fable complete the picture of the program, and round out a complete holiday bill.

## BALDWIN SEEKS PAY FOR SERVICES AS CITY'S AGENT

J. C. Baldwin, who acted as agent for the city in negotiations seeking to obtain certain properties in connection with erection of the Pryor street and Central avenue viaducts, Monday requested compensation for his services from city council. The request was referred to the finance committee for consideration.

The request was forwarded to Mayor I. N. Ragsdale by Mr. Baldwin, and he offered it to council. Mr. Baldwin has been called as a witness in many of the condemnation proceedings instituted by the city to obtain certain tracts for construction of the bridges, and the mayor recommended a "nominal compensation for his services."

All residents of the Ponce de Leon neighborhood and patrons of this popular community theater are invited to contest for the prizes offered to amateurs tonight. The "Amateur Night" show will begin at 8 o'clock, it is announced by Managers Swint and Davis.

**Empire.**

With a cast of 20,000, the new gigantic film, "Quo Vadis," with Emil Lanning in the role of Nero, is to be shown at the new Empire theater, corner of Georgia avenue and Crew street, today only. In this screen masterpiece Christian martyrs are hurled to lions and burned at stake.

**Tudor.**

Ranger, the wonder dog, scores again in "Swift Shadows," showing today for the last time at the Tudor theater. Ranger is the pal of a murderer and robber who commits a brutal murder. Ranger is held as the murderer and the sheriff is going to kill him until the son of the murdered man asks the sheriff to free him. Then the action begins, with Ranger doing his all.

**Cameo.**

There is something new under the sun, and that is the portrayal of the role of Miss Gilda Grey, a young girl by Charles Farrell in "Seventh Heaven," the feature attraction at the Cameo today for the last time. The flowerlike charm of Miss Gilda Grey is something new, appealingly refreshing and spiritually beautiful. Words cannot describe the winsomeness of her tear-dimmed smile, her happy laugh or the manner in which she shows her spiritual growth.

Roberts, executive secretary, announced Monday. Other officers elected to serve the coming year were: J. P. Wey, first vice president; F. A. Pittman, second vice president; Hardy Padgett, secretary; M. Clayton, treasurer, and T. T. Flieger, director of publicity. To serve with these new officers on the board of directors, A. K. Adams, of the A. K. Adams company, retiring president of the chapter, was elected.

## COTTON AND CORN IN SOUTH GEORGIA POOREST IN YEARS

Ellaville, Ga., July 2.—(Special.)—Crops in Schley, Macon and Sumter counties are described by W. L. Edwards, one of the leading farmers of this section, as being the poorest in almost fifty years, notwithstanding reports to the contrary from scattered sections throughout these counties.

"I am 56 years old and have been a dirt farmer all my life," Mr. Edwards declared in a letter today describing conditions, "and prospects for both corn and cotton are the poorest I have ever seen. The cotton plant is very small, uneven in size, a great portion of it is in bad stand and the growth is the slowest ever seen in this section."

Prospects in that region, the farmer declared, were for a half crop at best.

## LINDY, CARRANZA FLY FROM DETROIT TO CURTISS FIELD

Curtiss Field, N. Y., July 2.—(AP) Colonel Charles A. Lindbergh, flying a Curtiss Falcon plane which Elmer Carranza, Mexican aviator, and Abelardo Martinez, consulate attaché, were passengers, landed here at 5:50 this afternoon after a flight from Detroit.

## WAYCROSS ASSURED OF THROUGH HIGHWAY

Waycross, Ga., July 2.—With the letting of the contract for 50 miles of paved highway from Swainsboro to the Altamaha river, Waycross becomes certain of a place on a through-state paved highway by January 1.

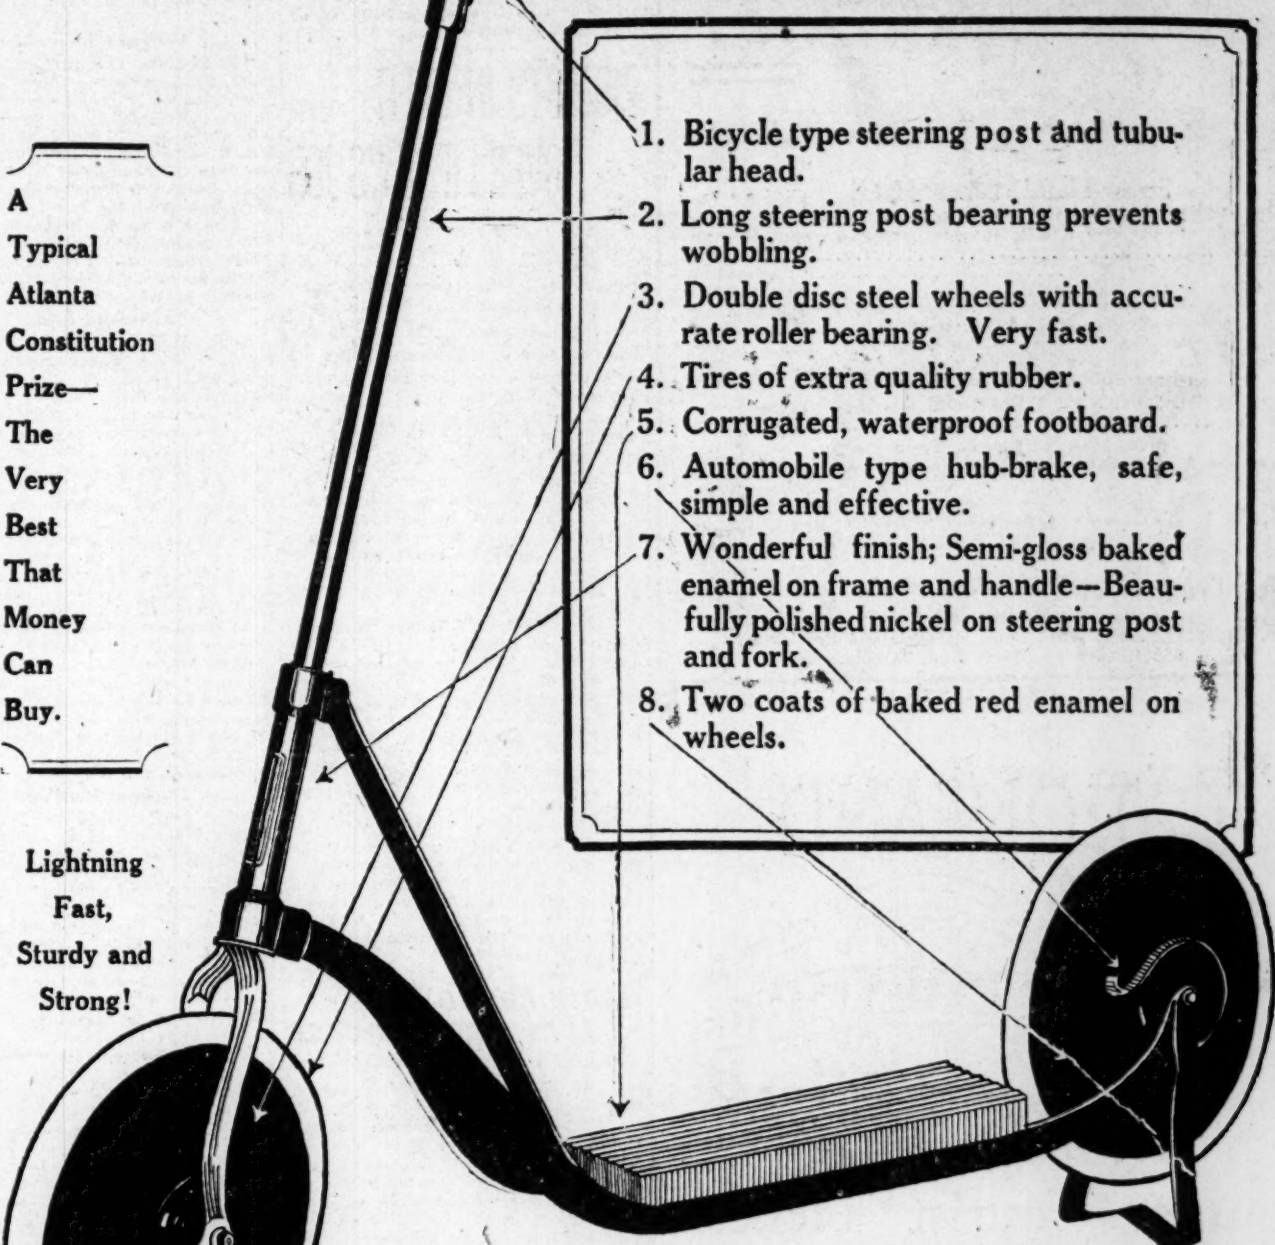

This stretch of highway is on federal route No. 1 and the Wilson highway. From the South Carolina line at Augusta to Swainsboro it is already paved. This contract carries the road to the Altamaha river. From the Altamaha river to the Ware county line it is now being paved; the line rock base having been completed. From the Ware county line to the Florida line Folkston is already paved.

After the spirited rubbers of bridge tea was served to Mesdames Arthur Blain, of Atlanta, J. V. Dunham, Nelson Myll, Robert T. Foster, A. M. Parsons, Ralph E. Powell and Marvin W. Peck. Mrs. Faine entertains Thursday afternoon, July 5, at a bridge-tee at her quarters in the garrison, including in her list 16 members of the army set. Lieutenant and Mrs. Sybil Faine entertain their bridge club Tuesday evening at their quarters in the post at an informal party. The guest list includes Lieutenant and Mrs. Marvin W. Peck, Lieutenant and Mrs. A. M. Parsons, Lieutenant and Mrs. Robert T. Foster and Lieutenant and Mrs. J. H. Joffe.

Fashionables of Atlanta society as well as members of the army contingent were interested spectators Sunday afternoon at the polo game between the Governor's Horse Guard and the McPherson squad which resulted in a victory for the guardsmen with a score of 7-10. Joe Clark, the dashing No. 3 of the guardsmen, played his final game Sunday for he is leaving soon to accept a flattering position in Honduras. A feature of the afternoon was the mule polo game played between two teams of enlisted men of Headquarters company and H company which resulted in a 3-0 vic-

tor for the United States Military academy to visit her son, George F. Baltzell, Jr., who is a member of the first class of the academy. Mrs. Baltzell plans to spend four weeks in the east before returning to Fort McPherson.

## Miss Theo Smith Weds Mr. White In Madison, Fla.

Madison, Fla., July 2.—The marriage of Miss Theo Livingston Smith, daughter of Mrs. Leland D. Smith and the late E. Peck Smith, and William Henry White III, of Montgomery, Ala., formerly of Atlanta, took place at twilight Saturday afternoon in the historic Madison Presbyterian church, and assembled a fashionable gathering of friends and relatives.

The altar was banked with stately palms, on either side of which stood French wicker baskets holding Madonna lilies. Southern similar was used throughout the church. The rays of the sun and burning tapers in cathedral candelabra cast a glow over the scene as the wedding party entered to the strains of the wedding march. The bride entered alone and was met at the altar by the groom and Joel Chandler Harris III, who acted as best man. Her brunette beauty was enhanced by her bridal gown of beige chiffon, veiled French net with a large Neapolitan straw hat. A shower bouquet of orchids and lilies of the valley completed her costume.

Mr. White and his bride left during the evening for Atlanta to spend a few days with his mother, Mrs. W. H. White, Jr., before leaving for a motor trip to Asheville and other points of interest in North Carolina. They will make their home in Montgomery, Ala. Mrs. White traveled in a fall model of navy blue crepe with a close-fitting felt hat and accessories to match.

Among the out-of-town guests at the wedding were Mr. and Mrs. Joel Chandler Harris III, W. H. White, Jr., and Miss Geraldine White, of Atlanta.

## Miss Mary Grymes Is Feted Visitor.

Miss Mary Grymes, of Richmond, Va., the attractive guest of Mrs. John Candler, was honor guest at two lovely parties Monday.

Miss Mary Jernigan was hostess at bridge Monday evening, entertaining a group of friends in compliment to Miss Grymes.

Mrs. Candler was hostess at a beautifully appointed luncheon at 1 o'clock at the Biltmore hotel.

The center of the table was graced by a basket filled with yellow roses. Dainty hand-painted plates and favors completed the attractive decorations.

Covers were laid for Miss Grymes, Mrs. Henry Grady, Mrs. Claude McGinnis, Mrs. Preston Arkwright, Jr., Miss Mary Jernigan, Mrs. Parks Hunt, Mrs. Jonathan Woody, Mrs. Homer Thompson, Miss Anne Spaulding, Miss Mary Rhorer, Miss Ida Sadler and Mrs. Candler.

## Mr. and Mrs. Skipper Are Honor Guests.

## Mrs. Cleveland Weds Walter S. McDonald At Quiet Ceremony

Mr. and Mrs. J. G. Clinkscales, of Spartanburg, S. C., announce the marriage of their daughter, Mrs. Ellen Clinkscales Cleveland, of Spartanburg, to Walter S. McDonald, of Atlanta, the ceremony having been quietly solemnized at 5 o'clock Saturday, June 30, at the Central Presbyterian church.

Dr. W. E. Davis, pastor of the church, read the marriage service which was witnessed by a small group of friends and members of the family connection, including the bride's sister, Mrs. W. T. Hopkins, of Charlotte, N. C., and Mr. and Mrs. Frederick H. McDonald, brother and sister of the groom.

The lovely bride was gowned for the occasion in a smart traveling costume of navy blue silk crepe, with a becoming, close-fitting hat to match. Her flowers were a shoulder bouquet of orchids and valley lilies.

Following a marriage service which was read by the pastor, Mr. McDonald and his bride will make their home at 691 Penn avenue.

Mrs. McDonald is the gifted and charming daughter of Mr. and Mrs. J. G. Clinkscales, prominent citizens of Spartanburg. She received her education at Converse college, of which she is a graduate and since finishing school, she has pursued her studies in voice under the celebrated masters of the art in New York.

Mr. McDonald is a native of Charleston, S. C., having come to Atlanta for residence three years ago. His parents are Mr. and Mrs. W. O. McDonald, formerly of Charleston, and now residing in Ocala, Fla.

The groom is a member of the firm of McDonald & Co., engineers, architects, and he possesses a wide circle of friends, both in business and social circles, who will be interested in his marriage.

**Little George Thiesen  
Christened at Church.**

Little George Traylor Thiesen, son of Mr. and Mrs. Jack Thiesen, was christened Sunday morning, the ceremony taking place at All Saints' Episcopal church in the presence of the families and a group of intimate friends. Rev. W. W. Memminger officiated.

Mrs. Royston Cabanis, of Pensacola, Fla., formerly of Atlanta, aunt of the little boy, and Mrs. Edward Lee were godmothers, and his godfathers were his cousin, George Traylor Northen, and his uncle, Henry Thiesen, of New York.

The little boy is the grandson of Mr. and Mrs. George M. Traylor, beloved and popular residents of Atlanta, and of Christen Thiesen, of Pensacola, Fla.

## Atlantans Motor To Griffin Today To Visit Mrs. Baxter

A coterie of Atlantans will motor to Griffin today to spend the day with Mrs. Newton J. Baxter at her home in that city.

The congenial party includes Mesdames W. J. Brunmark, W. M. Fain, D. D. Griffin, Clyde Shelton, H. S. Penner, Dillard Jacobs, Walter Dunn, Joseph Jacobs and her guest, Mrs. Hortense Bankston, of Winston-Salem, N. C., and Miss Caroline Fain.

Styler's METT Paris—New York

YOUTHFUL AND SMART.

It just ripples into the mode! The two-piece flaring skirt, generously full at the hemline, is attached to a long-waisted bodice that dips in the front to effect a snug hipline. It features the fashionable yoke, that is interesting, made of contrasting fabric or color and soft jabot frill. Style No. 213 uses a printed dimity with pique in harmonizing shade, so appropriate for all summer wear. Printed chiffon voile with plain crepe de chine, crepe satin using reverse of crepe, printed and plain silk crepe, georgette crepe, and figured chiffon are lovely combinations for general wear. Pattern in sizes 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42, 44, 46, 48, 50, 52 inches bust measure. To make the dress for a 44-inch size will require 4 3/4 yards of 35-inch material together with 1 1/2 yards of contrasting material for facing on vestee and collar and underfacing on the drapery. The width of the dress at the lower edge is 56 inches.

Pattern mailed to any address on receipt of 10c in silver or stamps.

A PRETTY FROCK FOR A YOUNG GIRL. 6147. Dimity, printed chiffon or voile may be used for this design. The pattern is cut in 4 sizes: 6, 8, 10, 12 years. A 10-year size will require 3 1/2 yards of 27-inch material, together with 3/8 yard of contrasting material for facing on collar, cuffs and string girdle. Pattern mailed to any address on receipt of 10c in silver or stamps.

## Special Race Is Sceduled At Lakewood

**Argument Over Title Causes  
Track Officials To Arrange  
Special Event.**

Heated arguments as to the undisputed championship of Florida and Georgia ended in the billing of a special added feature for the Fourth July auto races at Daytona Beach tomorrow, when officials announced last night that the southeastern stake, open to Florida and Georgia entrants only, will be held on the 25th.

"Wild Sam" Purvis, who defeated Shorty Gingrich, Pete Craig, Bill Helm, Sam Hall and other Florida champions in seven of the previous five months, and who won from Howard Miller, of Tampa, on one occasion, has been claiming the state championship of Florida for several seasons. Now the honor is due him and said he still holds the state championship cup awarded at Tampa track last fall.

parently the best speed bet of Georgia drivers, contended that because of a win over Purvis he ought to be considered, and when the smoke cleared away the boys had issued enough challenges to allow the officials easily to arrange an added event for them in addition to the already thrilling program carded. Only the Georgia and Florida entrants will be eligible to start in the event, the southeastern dash, at a distance of three miles—which means that fast thinking and fast pickup will decide the event.

**All Entries Are In.** All remaining entries for the annual Independence day classic had arrived and reported last night, each declaring his car tuned up for the speed clashes. With the field boasting the entry of some of America's greatest character characters, the events are full of possibilities. Fred Horey, four-time world champion, will start his record-holding Miller Special; Phil Shafer, who made the 100-mile run in 1957, will take the fall, will wheel the Detroit Special; Eddie "Pop" Daily, who vanquished Haugdahl in the last 100-mile run here, will start his Hall-Scott; Joe "Bugs" McGray will wheel a Fronty Special among others beside the southeastern entries.

# The Taming of Elizabeth

By WINIFRED BOGGS

**SYNOPSIS.**  
The young Elizabeth is the adored daughter of Tim and Elizabeth Darcy. When she is four years old she runs away from home to avoid punishment for getting into mischief. She is brought home promptly by a neighbor.

## INSTALLMENT II. A RUNAWAY SCHOOLGIRL.

It was eight years before Elizabeth ran away again. Her "rich Aunt" Dolly had sent her to an expensive and exclusive school at Brighton. Elizabeth liked the expensiveness but disliked the discipline; consequently, she turned up at her aunt's home in London with the breathless announcement:

"I didn't like being ordered about and told to do things—so I've run away."

Her Uncle Stephen left the room with an apologetic smile, but the younger Stephen, Dolly's stepson, remained at the table, his handsome young face cold and stern. Like aunt, like niece! He had no patience with that type of femininity. Always running away from disagreeables. For ever breaking this and that—and leaving others to pick up the pieces. His father and he had had a great many pieces to pick up since Dolly married into the family. Now all these extravagant school fees were wasted, and at a time when his father had been ill able to afford them. After all, Dolly's niece had parents of her own; it was their job, not Stephen's, to take care of her. Stephen was always ready to hang another burden on his back.

"Dear me!" she now said disappointed. She had wanted Elizabeth made into a very finished product, then she would "bring her out," and here was Elizabeth not only refusing to be finished, but declining to be begun. Still, if the child found the process disagreeable . . . Of course, you must not stay if you do not like it," she said helplessly. "Your uncle will find another school. I will see the headmistress and explain you really must be treated with consideration."

"Old cats! They all are," remarked the young Elizabeth, drawing her chair up to the table and falling to. "The food wasn't up to this, either."

"Didn't they feed you on strawberries and cream all the time, Elizabeth?" demanded that detestable superior person, Elizabeth's "cousine cousin." "Or how down and worship you? You don't mean to tell me they really expected you to work or do anything that did not amuse you?"

"I don't mean to tell you anything," retorted Elizabeth, muttering "Fig!" to herself. She abominated Stephen and all that was his, and equally he abominated her. Blue eyes were already beginning to blaze into the gray which were so quick to catch fire when Elizabeth was in question. The spoilt little brat!

"Now, now children," implored Dolly. "Don't begin again!" Her stepson was the crumpled rose leaf in her life. It had taken her time and hard work to detach devoted father from devoted son, but in the end she told herself she had succeeded. She did not want her husband's devotion—she had married him for his money and saw that she did it—but she did not mean to let Stephen junior have it either. He was hers, the man she had married, all he was and all he had.

Elizabeth glowered at the grave, rather grim young man, and then "made a face" at him. She hated his sarcasm and the feeling he was "getting at her," and a faint suspicion that perhaps he was cleverer than she was. Also she could never forget a certain episode of the past. She had been about three at the time, he a schoolboy, there being exactly 12 years between them. He had annoyed her in some way, consciously or unconsciously, it was all the same to her, and she had crept under the table when they were alone in the room and bitten his calf with all the force of her small vicious white teeth. She thought he would think it was the dog.

But Stephen had not thought it was the dog. He had known the truth at once (his "evil mind" as she put it to herself years later) and, O, the indignity and outrage of it!—he had fringed her up and administered a very sound smacking. It was the first

## SALLY'S SALLIES

Though manicurists never seek charity they're always getting hand-outs

real smacking she had ever had in her life, and a thing never to be forgotten or forgiven as long as they both should live. She thought of it now, and a bright sparkle lit up her blue eyes. "Wait till you're spoken to," she said in her crude schoolgirl fashion. "What d'yer know about it?"

"A mere humble surmise," shrugged Stephen. As a young man he really was rather objectionable, but then he was embittered, and all the time he suffered from Dolly and vicariously for his father. She was so merciless, always the daughter of the horse leech.

"Silly ass!" was Elizabeth's muttered comment.

"Still as long as you recognize you're a silly ass there's hope for us all!" retorted Stephen, his handsome gray eyes twinkling. A shame, he thought, really not such a bad little kid. . . but she'd never had a chance. What an upbringing! One of the "shirkers" like her aunt, he feared, all grab and no give; utterly selfish, pleasure loving and insensitive. The greed of women! Dolly, at his age, yet he liked the Darcys even while he regretted their attitude towards their spoiled daughter. They were making her so soft, and could they be sure life was always to prove easy for her? If she had to travel the hard way, what then? Those light, pretty feet were ill prepared for the thorns and the mud. He repeatedly told himself he detested the young Elizabeth and all she stood for, yet he could not avoid a feeling of compassion, for Stephen was by no means as hard as he liked people to suppose.

If Darcy died, what then? How were the two charming and quite inefficient Elizabeths to manage? His father would do what he could through Dolly, but how little that might be, Stephen was beginning to realize. Things were none too rosy with the old established business these days, and Dolly either would not, or could not, understand and draw in.

Dolly gave Elizabeth a good time, and finally, and very regretfully—for the girl was a being after her own heart—took her back to her parents. "We'll fix up something later," she said in her casual way. "I've got Stephen to take me around with him at last. It's too absurd he should go to all these gay places on business and leave me behind. I shall have a lovely time for I'm not coming back till I want to. Young Stephen can see about the silly old office. He does nothing but waste his time thinking and working, so absurd at his age and with his looks. Not much resemblance between the two Stephens, is there? Well, Elizabeth, being quickly, 'Still one can't have everything. You got a handsome, talented man, Elizabeth, charm, romance, and all that sort of nonsense, but no money. I've got the money; it was always that I was out for and needed most. The young Elizabeth is the same. You'll see!"

"I want all the nice things," said her niece.

Her aunt beamed. "Sensible child! Well, you must grow up attractive and make a good marriage—like me." If Elizabeth said nothing she thought the more, Uncle Stephen was very kind in his tired, worried way, but he was old and bald—a terrible combination. If that was a "good" marriage, no thank you! She would prefer a "bad" one, say a very handsome, devoted, young man with lots of money. And superior Stephen could marry a superior spinster and have superior children! Pigs!

But Stephen was not thinking of marriage, his attitude all girls was curiously aloof and critical, and when his father mentioned it he was surprised.

"Don't marry too early, Stephen," he said sadly, "or just for a pretty face. It doesn't always wear any too well. Remember that mere prettiness with nothing behind it it can out in the wash. Get attraction if you can, but attraction that can stand a little rainy weather."

"I ever marry," said Stephen positively. "I shall marry a girl with grit and character."

"One is weak, one does not realize . . . one tells oneself that the character is behind the right face," sighed the elder man.

His son's mouth set in hard, unlovely lines. "I'm not falling into any trap," he said.

Mr. Whitby paled. He had a superstitious fancy that Stephen was asking for trouble by reason of his very surety.

"I hope not," he said, adding inconsequently, "Anyhow, the young Elizabeth is sure to marry early, and you won't see much of her."

"What's she got to do with my marrying?" demanded Stephen amazed.

"I think . . . I am afraid of the young Elizabeth," owned his father. "There's something so tenacious, almost unquenchable, about her. If she set her heart on a thing, on anybody—"

Stephen burst out laughing. "Why Elizabeth and I detest each other," he chuckled. "We can't meet without scrapping! Horrible child!"

"A very pretty child, going to be prettier still. . . and so vital, Stephen, never have I seen a keener vitality. She's like a dancing flame. That detest is hardly the word; it's antagonism, a different thing, sometimes a . . . dangerous thing."

"Impudent schoolgirl! I'm a man, she's a mere infant, and a pretty beastly infant at that!" and he made gesture that dismissed Elizabeth from the conversation and from his life.

But the young Elizabeth was not to be so easily dismissed.

# U. S. TO SEEK TAXES FROM BOOTLEGGERS

Savannah, Ga., July 2.—(AP)—The trial of the government's case to collect approximately \$2,000,000 for income taxes from W. H. Haas and F. H. Haas, of Savannah, for the years 1917 to 1921 inclusive, has been ordered by the United States court of appeals of the fifth district, it became known here today, with the return of the decision.

The government seeks to collect the sum for profits on alleged illegal liquor transactions during the five-year period for which no income tax return was made.

When the suit was tried in United States district court before Judge W. H. Barrett in April, 1927, he ruled that the assessments of \$1,901,500.05 against W. H. Haas and of \$89,896.10 against F. H. Haas were illegal and void because "the assessments were made entirely on the recommendation of the special revenue agent" and that there "was no return."

The government attorneys took the case to the court of appeals where Judge Barrett's decision was reversed, the decision stating in reference to the grounds on which the case was dismissed, "In this we think the court erred."

The decision of the court of appeals said in part:

"It is shown W. H. Haas had been doing a large illicit liquor business and had made a false return for 1917, and that he did not include in that return the profits from his liquor business, or make returns for other years as he thought the profits from a prohibited business were not taxable. He made transfers of property to his father, and after this suit was filed, transferred real estate to his mother."

# GEORGIA'S G. O. P. PROBE BY SENATE HERE NEXT WEEK

Washington, July 2.—The subcommittee of the senate postoffice committee, appointed under a resolution by the two Georgia senators to investigate alleged irregularities in the distribution of postoffices in that state is completing arrangements for its hearings at Atlanta next week. Senator Brookfield, republican, Iowa, will act as chairman and will be assisted by Senator Locher, of Ohio, democrat.

The subcommittee has been advised that Ben J. Davis, of Atlanta, and John W. Martin, of Atlanta, treasurer of the state republican executive committee, have been summoned to appear at the hearings Monday, next. H. J. Gwiner, of Atlanta; Rooney, of Stockbridge; William Smith, of Pearson; Shedd S. Bowser, of Royston, and Mrs. Hattie Giddens, of Doles, have been summoned at the hearings on Tuesday and Wednesday. It is stated that the committee will have other witnesses upon whom subpoenas have not yet been served.

# J. STEVE McCURDY, 62, DEKALB LEADER, DIES

J. Steve McCurdy, aged 62, one of DeKalb county's best-known and most beloved citizens, died late Monday night at the home of his brother, Dr. W. T. McCurdy, at Stone Mountain, Ga.

Mr. McCurdy was president of the Granite bank of Stone Mountain at the time of his death, and was regarded as a banker of sound and conservative practices. In addition to his financial activities he had extensive real estate holdings.

Mr. McCurdy is survived by one sister, Miss Dorothy McCurdy, and his brother, Dr. McCurdy. Funeral arrangements will be announced later.

## MEXICANS CHANGING OPINIONS ABOUT U. S.

Mexico City, July 2.—(P)—A conference between General Alvaro Obregón, president elect, and the president elect of the United States was regarded as possible today. General Obregón, who was unopposed in the election yesterday, will be inaugurated for a six-year term on December 1.

He is expected to tour Mexico and then possibly go to the United States before assuming office. Observers predicted that he would confer with the American president elect in regard to the policies of the new administration regarding relations between the two republics.

Obregón's administration, it is believed, will prolong the present era of good will between the two countries. Observers think that his relations with United States Ambassador Morrow will be as friendly as those existing between Mr. Morrow and President Calles.

A demonstration of friendship for the United States was given by a group of Obregón supporters in the capital. As they were parading to the polls Thomas Robinson and his wife and their baby rode by in an automobile. The men recognized the daughter of President Calles and shouted: "Viva Senora Robinson. Viva Mister Robinson. Viva Mexico. Viva Estados Unidos."

French Mine District In Mourning as 48 Miners Are Buried

Ste. Etienne, France, July 2.—(P)—The mining district here was in mourning today for 48 cool miners killed in one of the most mining disasters France has known. Andre Tardieu, minister of public works, supervised the rescue work.

The disaster occurred when fire broke out in a gallery carrying pipes that supplied compressed air to portions of the workings that had no direct ventilation. The pipes burst. Forty-one of the miners were asphyxiated. Seven were crushed to death when the flames ate away the roof supports.

## AIRPORT BUILDING FUNDS ARE VOTED

City council Monday afternoon appropriated \$5,000 for construction of a combination post office, weather bureau and radio station at Candler field, Atlanta's airport.

The paper came to council with the approval of the finance committee and was offered by Councilman Wiley L. Moore, of the seventh ward, chairman.

It previously was given sanction of the aviation committee of city council which is headed by Alderman William B. Hartfield, of the third ward, and was championed by him before the finance body.

Establishment of the combination structure at Candler field will place Atlanta to the fore in aviation equipment and will aid materially in continuing the city's aviation program.

Ample facilities will be provided for expansion of the service, and the federal government will install the radio and weather bureau.

Mayor Ragsdale will approve the paper immediately in order that actual work can be begun at once.

NOTICE. I will not be responsible for any debts incurred by anyone other than myself.
